**STORAGE AND DISPOSAL**

Highly-Soluble Chlorinated Sanitizer contained on the label and in this box are intended for use only in areas designated by State and local authorities. Offer drum for recycling or reconditioning if allowed by State and local authorities. Then dispose of liner in a sanitary landfill or by incineration if available. Reuse or refill this container. Completely empty liner by application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. For guidance contact your State Water Board or Regional Office of the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:**

Nonrefillable container. Do not reuse or refill this container. Completely empty liner by application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. Offer drum for recycling or reconditioning if allowed by State and local authorities. Do not reuse or refill this container. Completely empty liner by application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. For guidance contact your State Water Board or Regional Office of the nearest EPA Regional Office for guidance.

**PESTICIDE DISPOSAL:**

Pesticide wastes are acutely hazardous. Improper disposal of all pesticides, spray nozzles, or rinsewater is a violation of Federal and State regulations. Use only clean, dry utensils and mix only with water. Mixing with other chemicals or gross filth (feces, urine, etc.) will start a chemical reaction resulting in the release of toxic gas, heat, and possible fire. Do not get in eyes, on skin or on clothing. Wear goggles, face shield or safety glasses. Wash thoroughly after handling and before eating, drinking, chewing gum, using tobacco, or touching eyes, nose or mouth. Corrosive. Causes irreversible eye damage. Causes skin irritation.

**DANGER:**

Harmful if swallowed, inhaled or absorbed through skin. Do not get in eyes, on skin or on clothing. Wear goggles, face shield or safety glasses. Wash thoroughly after handling and before eating, drinking, chewing gum, using tobacco, or touching eyes, nose or mouth.

**STORAGE AND DISPOSAL**

Pesticide must be stored in a safe area. Do not store in the same area or allow mixing with other products.

**PESTICIDE STORAGE:**

1. Keep out of reach of children.
2. Keep in a cool, dry place. Keep away from food and feed.
3. Store in a location where it cannot be exposed to direct sunlight.
4. To prevent accidental contact and exposure, store in a locked container.
5. Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment.

**Pesticide Disposal:**

1. Pesticide residues are not strictly hazardous. Improper disposal of all pesticide residues, spray mixture, or rinsate is a violation of Federal law. The rinsate and spray mixture of this product contain or is made up of toxic substances which are dangerous to the environment.
2. Pesticide residues will slowly be released by decomposition. If water or moisture enters the product container, harmful or irritating gases may be formed. Strong oxidizing agent:
   -Corrosive. Causes irreversible eye damage.
   -Causes skin irritation.
3. Chlorine-containing gases will slowly be released by decomposition. If water or moisture enters the product container, harmful or irritating gases may be formed.
4. Antiseptic B is ineffective against microorganisms in the presence of chlorine or other chlorine-containing compounds. Do not expose the product to chlorine or any other chlorine-containing compound.
5. Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment.

**CONTAINER DISPOSAL:**

1. Keep this product dry in a tightly closed container, when not in use. Keep this product dry in a tightly closed container, when not in use.
2. Rinse the container with an appropriate amount of water. Mixing with other chemicals or gross filth (feces, urine, etc.) will start a violent reaction.
3. Discard contaminated container and equipment according to applicable state, local, and national laws and regulations. Treat container and equipment residues as hazardous waste.

**ENVIRONMENTAL HAZARDS:**

1. The product is toxic to fish and aquatic organisms. Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment.
2. Pesticide residues are not strictly hazardous. Improper disposal of all pesticide residues, spray mixture, or rinsate is a violation of Federal law. The rinsate and spray mixture of this product contain or is made up of toxic substances which are dangerous to the environment.
3. Pesticide residues will slowly be released by decomposition. If water or moisture enters the product container, harmful or irritating gases may be formed.
4. Strong oxidizing agent:
   -Corrosive. Causes irreversible eye damage.
   -Causes skin irritation.
5. Chlorine-containing gases will slowly be released by decomposition. If water or moisture enters the product container, harmful or irritating gases may be formed.

   -Causes skin irritation.
4. Chlorine-containing gases will slowly be released by decomposition. If water or moisture enters the product container, harmful or irritating gases may be formed.
**STORAGE AND DISPOSAL**

- Keep the original container, or mark it clearly with the name of the pesticide and its use.
- Store in a cool, dry, well ventilated area.
- Do not store near food, food contact surfaces, feed, or dyed or colored materials.
- Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment.

**POTENTIAL HAZARDS**

- **Acute Toxicity:** Pesticides can cause acute toxicity at exposure levels above the recommended use levels.
- **Health Hazards:** Pesticides can cause irritation, respiratory irritation, skin burns, and toxic effects.
- **Environmental Hazards:** Pesticides can cause damage to aquatic organisms and may contaminate surface and groundwater.
- **Special Applications:** Pesticides should not be used in or around food contact surfaces.

**PRECAUTIONARY STATEMENTS**

- **HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS**
- **HAZARDOUS TO FISH AND AQUATIC ORGANISMS**

**FIRST AID**

- **IF INhaled:** Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Call emergency services.
- **IF SWALLOWED:** Do not induce vomiting. Call emergency services. Give 1-2 glasses of water if able to swallow. Do not give anything by mouth to an unconscious person. Call emergency services.
- **IF CONTACTED WITH SKIN:** Wash thoroughly with soap and water. Rinse with water if clothing is wet. Call emergency services.
- **IF CONTACTED WITH EYES:** Rinse with water for 15-20 minutes. Remove contact lenses if present, then continue rinsing eye. Call emergency services.

**EMERGENCY AND RESPONSE**

- **CONTAINER AND PACKAGING:** Do not reuse or refill this container. Completely empty the container before disposing of it in the trash or as part of normal trash collection. Do not allow water to get into the container and do not use the container for any other purpose. For guidance contact your State Water Board or Regional Office of Water Discharge Prevention and Control.

**NEARBY WATER SYSTEMS**

- **In case of spills, follow the spill response plan and contact emergency services.**

**PRODUCT INFORMATION**

- **PRODUCT NAME:** Antibac B High Solubility Chlorinated Sanitizer
- **Active Ingredients:** Sodium dichloro-s-triazinetrione 26.1%, Trichloroisocyanuric Acid 73.9%
- **Net Contents:** 2.72 kg / 6 lb.

**APPLICATIONS**

- **Sanitizing Commercial Eggs:** Forrester the label or instructions for use.
- **Sanitizing Dairy, Beverage, Food Processing Equipment:** Strainers, Milking Machine Parts.
- **Sanitizing in a Solution:** Rinse with potable water. Air dry sanitized articles on clean drainboard.

**STORAGE AND DISPOSAL**

- **Storage:** Keep container closed, cool, dry, well ventilated area away from heat or open flames.
- **Disposal:** Do not reuse or refill this container. Completely empty the container before disposing of it in the trash or as part of normal trash collection. For guidance contact your State Water Board or Regional Office of Water Discharge Prevention and Control.

**NOTICE TO PESTICIDE PRODUCERS:**

- **Precautionary Statements:** Read and check carefully all information, including the specifications in this box. The job will not be sent to print until this notice is received. All information contained on the label and in this box are the responsibility of the final approver.
