ALGAECIDE

This product is made especially to control the growth of algae in all types of swimming pools. Its long-lasting action will control existing algae and subsequent doses will control recontamination by algae. Treated water can be used immediately—no waiting to swim!

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID:
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF IN EYES: Hold eyelids open and rinse slowly with water for 15-20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.
IN CASE OF EMERGENCY CALL: 1-800-654-6911.

ENVIRONMENTAL HAZARDS:
This product is toxic to fish and aquatic organisms.

ACTIVE INGREDIENT:
Copper Ethanolamine Complex, Mixed
(Mono CAS # 14215-52-2 and Tri CAS # 82027-59-6)* ................. 23.09%

TOTAL: ................................................................................... 100.00%

*Metallic copper equivalent, 7.41%
Contains 0.72 lbs. of elemental copper per gallon.

KEEP OUT OF REACH OF CHILDREN
CAUTION
See additional precautions and first aid on back panel.

NET CONTENTS: 1 QUART (946 ml)

DIRECTIONS FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

WHY YOU SHOULD USE THIS PRODUCT:
Strike-Out® is made especially to control the growth of algae in all types of swimming pools. Its long-lasting action will control existing algae and maintenance doses will control algae re-growth. Treated water can be used immediately—no waiting to swim!

Strike-Out® will not cause water to foam and will not alter the pH or chlorine content of the water.

This product comes concentrated. Dilute with at least nine parts of water before applying. Pour required amount into a plastic watering can, fill with water and sprinkle around edge of pool. Apply initial treatment to a freshly filled pool or at first visible signs of algae growth. Apply under sunny conditions for most effective results.

Compatible with bromine, chlorine, salt water, ozone and minerals.

SWIMMING POOL CAPACITY INITIAL TREATMENT TREATMENT EVERY TWO WEEKS
5,000 Gal. 2 Ounces 1 Ounce
10,000 Gal. 4 Ounces 2 Ounces
20,000 Gal. 8 Ounces 4 Ounces

IMPORTANT NOTICE: Always apply chemicals separately. Never combine them.

STORAGE & DISPOSAL:
Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.
