Steriphene II Brand Disinfectant Deodorant is for use on hard, nonporous surfaces in hospitals, schools, hotels, office buildings, industrial plants and other medical, commercial, institutional or industrial facilities where a sanitary environment is important. Use on bathroom and locker room fixtures, tables, countertops, furniture, doorknobs, walls and wastebaskets.

This product is not to be used as a terminal standard/high-level disinfectant on any surface or instrument that is) introduced directly into the human body either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to prevent or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

General Precautions and Restrictions: Do not apply this product in a way that will contact workers or other persons. Only protected handlers may be in the area during application. Following application as a spray, do not enter or allow others to enter the treated area until the sprays have dried.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Clean all surfaces prior to disinfection.

Disinfection and Deodorization: Shake well. Hold can 6 to 8 inches from surface and apply in a uniform mist. Treated surfaces must remain wet for 10 minutes. Allow to air dry or wipe off.

Tuberculocidal Activity: Steriphene II Brand Disinfectant Deodorant is tuberculocidal under the above conditions of 10 minutes at 68°F (20°C). * KILLS HBV AND HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in healthcare settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Hepatitis B virus (HBV) and human immunodeficiency virus type 1 (HIV-1) (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HBV AND HIV-1 ON SURFACES OR OBJECTS SOILED WITH BLOOD/BODY FLUIDS:
1. Personal Protection: Clean up must be done wearing protective latex gloves, gowns, masks and eye protection.
2. Cleaning Procedure: Blood or body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant.
3. Contact Time: Leave surfaces wet for 10 minutes.
4. Disposal of Infectious Material: Contaminated cleaning materials, blood and other body fluids must be autoclaved and/or disposed of according to local regulations for infectious waste disposal.

NOTE: Make sure valve opening is pointed in the direction of intended spray. Do not use on varnished wood or rayon fabrics. Steriphene II Brand Disinfectant Deodorant deodorizes at the source by killing the germs that cause malodors. This product is not intended for use as a general space spray air freshener.

Disinfection and Deodorization:
- **Kills Staphylococcus aureus,** **Pseudomonas aeruginosa,** Salmonella enterica and Mycobacterium bovis.
- **Kills Trichophyton mentagrophytes (causes athlete’s foot).**
- Effective against Antibiotic-Resistant Bacteria***
- **Kills Hepatitis B Virus (HBV),** Human Immunodeficiency Virus Type 1 (AIDS Virus), Herpes simplex Type 2 (causes genital herpes) and Influenza A/J305 on hard, nonporous inanimate surfaces.
- **Kills Vancomycin resistant Enterococcus faecalis (VRE)** and Methicillin resistant Staphylococcus aureus (MRSA) * KILLS HBV AND HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in healthcare settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Hepatitis B virus (HBV) and human immunodeficiency virus type 1 (HIV-1) (associated with AIDS).

**GENERAL PRECAUTIONS AND RESTRICTIONS:**
- **CAUSES SUBSTANTIAL BUT TEMPORARY EYE INJURY.** Harmful if absorbed through the skin. Do not get in eyes or on clothing. Avoid contact with skin. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.
- **WARNING:** Avoid contact with the eyes or mucous membranes.
- **User Safety Requirements:**
  - Users must wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
  - Users must remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users must remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water.
  - **FIRST AID:**
    - If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.
    - If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
    - If Swallowed: Call a Poison Control Center or doctor for treatment advice.

**INERT INGREDIENTS:**
- Ethyl alcohol: 64.000%
- Ortho-Phenylphenol: 0.051%
- Ortho-Benzyl-para-chlorophenol: 0.071%
- Sodium nitrite: 35.878%

**ACTIVE INGREDIENTS:**
- **Bactericidal / Tuberculocidal**
- **Fungicidal / Virucidal**
- **Effective against Antibiotic-Resistant Bacteria***

**For Hospital, Institutional and Industrial Use:**
- KILLS Staphylococcus aureus, Pseudomonas aeruginosa, Salmonella enterica and Mycobacterium bovis. KILLS Trichophyton mentagrophytes (causes athlete’s foot).
- KILLS Hepatitis B Virus (HBV), Human Immunodeficiency Virus Type 1 (AIDS Virus), Herpes simplex Type 2 (causes genital herpes) and Influenza A/J305 on hard, nonporous inanimate surfaces.

**For Household Use:**
- KILLS Vancomycin resistant Enterococcus faecalis (VRE) and Methicillin resistant Staphylococcus aureus (MRSA) KILLS Pandemic 2009 H1N1 influenza A virus

**PRECAUTIONARY STATEMENTS**

**WARNING: AVISO:**

**Hazard to Humans and Domestic Animals**

Causes substantial but temporary eye injury. Harmful if absorbed through the skin. Do not get in eyes or on clothing. Avoid contact with skin. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

**Applicators and other handlers must wear:** long sleeve shirt and long pants, socks and shoes, goggles or face shield, and chemical-resistant gloves (such as rubber or waterproof)

**User Safety Requirements:**

- Users must wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

**FIRST AID:**

- If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
- If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
- If swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told by a Poison Control Center or doctor.

**24 HOUR MEDICAL EMERGENCY NUMBER: 888-314-6171**

- Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN:**

- Probable mucosal damage may contraindicate the use of gastric lavage.

**PHYSICAL OR CHEMICAL HAZARDS:**

Extremely flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F/54°C may cause bursting.

**24 HOUR MEDICAL EMERGENCY NUMBER: 888-314-6171**

**STORAGE AND DISPOSAL:**

Do not contaminate water, food, or feed by storage or disposal.

**Pesticide Storage:** Store in original container in areas inaccessible to small children.

**Pesticide Disposal:** Non-refillable container. Do not reuse empty container. Replace cap and discard in trash or offer for recycle, if available. Do not incinerate or puncture.
