HOT FOOT
BIRD REPELLENT
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a
manner inconsistent with the labeling.

USE RESTRICTIONS:
To repel pigeons from buildings and adjacent structures.
This product may be applied to girder edges, beams,
ledges, gutters, window sills, signs, cornices, and similar
surfaces. Wear disposable gloves when using this
product. Do not apply at location where desirable
species of birds might become entangled in the repellent.

PRE-APPLICATION DIRECTIONS:
Building surfaces to be treated should be dry and
cleaned to remove droppings, dust, etc. On porous
surfaces a sealer such as Crystal Coating™ should be
applied before using Hot Foot® gel. Do not apply in wet,
damp or freezing conditions. HFI recommends that a
coating of Crystal Coating™ be applied to all Hot Foot® gel
applications to protect against discoloration caused by
dust and dirt and to minimize the contact of birds
feathers with gel.

APPLICATION DIRECTIONS:
Apply in strips 1/4" thick and run in a worm-like path as
described below. For wide surfaces it may be necessary
to repeat at 3 inch intervals.

PARTIALLY FILLED CARTRIDGES:
Place cap or tape on tip of tube to prevent product from
contacting eyes.

REMOVAL:
Any organic solvent such as kerosene and mineral
turpentine will remove Hot Foot® gel.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION
 Harmful if inhaled. Avoid breathing dust or mist. Avoid
contact with eyes, skin and clothing. Wash thoroughly
with soap and water after handling and before eating,
drinking, or using tobacco. Remove contaminated
clothing and wash before reuse.

ENVIRONMENTAL HAZARDS
Small birds may become fatally entrapped by this tacky
repellent. To reduce hazards to legally protected
species, and to avoid noncompliance with Federal
Migratory Bird Treaty Act, follow all instructions in the
Direction for use.

STORAGE AND DISPOSAL:
Do not contaminate water, food or feed by storage or
disposal. Store in an area inaccessible to children and
pets. Do not store near food or feed. Do not store in an
environment which will corrode the plastic cartridge. Any
leaking cartridge should be disposed of as directed
below.

PESTICIDE DISPOSAL: Waste resulting from the use
of this product may be disposed of on site or at an
approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse container.
