**Vesta-Syde® Enzyme Presoap**

**For Use With Vesta-Syde® Interim Instrument DECONTAMINATION SOLUTION**

Vesta-Syde Enzyme Presoap is formulated for use on all surgical instruments and apparatus where blood, protein, and mucous form hard to remove or where scrubbing is impractical. This material is formulated for use as the first of two steps in instrument decontamination, once surgery is completed. Enzyme Presoap has no biocidal effect, and is formulated for use as a digesting agent in proteinaceous soils. Equipment should be sterilized or disinfected by appropriate methods in separate subsequent steps.

**DIRECTIONS:** Dilute 2 ounces of Vesta-Syde Enzyme Presoap per gallon of water in the dirty instrument catch basin or instrument tray. Allow a minimum of 20 minutes contact time as a presoap for optimum results. After soaking for 20 minutes, add 2 ounces of Vesta-Syde Interim Instrument Decontamination Solution and allow an additional 20 minutes for the decontamination step to take place. If ultrasonic cleaning is desired, Vesta-Syde Enzyme Presoap may be used in an ultrasonic cleaning system. As with all ultrasonic cleaning procedures, the ultrasonic system should be covered, and in the absence of an ultrasonic system, a 20-minute contact time should be used. Use only in conjunction with Vesta-Syde Interim Instrument Decontamination Solution. Do not add other chemicals. Additions to the cleaning solution may destroy the effectiveness of the product.

**PRECAUTIONARY STATEMENT**

**DANGER:** Corrosive. Causes eye irritation and skin corrosions. Goggles or face shield and rubber gloves when handling. Do not get in eyes, on skin, or clothing. Remove contaminated clothing and launder immediately. Clean up spills immediately. Wash hands thoroughly after use. Keep containers closed when not in use. Keep out of reach of children.

**STORAGE AND DISPOSAL:** Store in a cool dry place. Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. For INSTITUTIONAL USE. STERIS Corporation 7501 Page Avenue St. Louis, MO 63133 USA 800-474-5507 (608) 224-5146 www.steris.com
