For Use in Hospitals, Nursing Homes, Businesses, Hotels, Motels, Restaurants, Schools, Institutions and Commercial Establishments

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Product Information
Kills: Acinetobacter baumannii (ATCC 19606), *Human Herpes Simplex Virus Type 1 (ATCC VR-313) and Type 2 (ATCC VR-340), *Human Immunodeficiency Virus Type 1 (HIV-1 (AIDS virus)), *Influenza A/Hong Kong Virus, Methicillin Resistant Staphylococcus aureus (MRSA) (ATCC 59516), Mycobacterium tuberculosis var bovis (BCG), *Polio Virus Types 1 and 2, Pseudomonas aeruginosa (ATCC 15442), Salmonella choleraesuis (ATCC 10708), Staphylococcus aureus (ATCC 6538), Trichophyton mentagrophytes (ATCC 9273) and Vancomycin Resistant Enterococcus Faecalis (VRE) (ATCC 51299) on hard, non-porous, inanimate environmental surfaces. Respiratory illness attributable to Pandemic 2009 H1N1 is caused by Influenza A virus. This product is a broad-spectrum hard surface disinfectant that has been shown to be effective against influenza A/Hong Kong virus* and is expected to inactivate all influenza A viruses including Pandemic 2009 H1N1 (formerly called “swine flu”).

Disinfects: Disinfects on such bacterial- and viral-carrying surfaces as toilet seat, telephones, garbage and refuse cans, animal equipment, light switches, bed pans, empty hamper and other out of the way places. Disinfects hard, non-porous surfaces of shoes and slippers. Controls Mold and Mildew on mattresses, awnings, shower curtains, and other materials. Deodorizes: Reduces annoying odors. Use to control odors in hospitals and nursing homes. Effectively suppresses odors caused by mold and mildew.

General Precautions and Restrictions
Do not spray on polished wood surfaces, rayon fabrics or on acrylic plastics. Solvents in spray may cause damage to some plastics, coatings and other materials if sprayed until wet. This product is not for use on medical devices or medical equipment surfaces.

Application Instructions
Shake well before using and occasionally while spraying. Clean surface thoroughly with an effective cleansing compound prior to treatment. Remove all grime, filth or heavy soil from all surfaces to be treated. To Disinfect and for Tuberculocidal Activity: After surface is cleaned, hold can upright 6” to 8” from surface to be treated. Spray surface to be treated 3-4 seconds from a distance of 6-8 inches, until surface is wet. Allow spray to dry without wiping or allow spray to contact treated surface for a minimum of ten minutes prior to wiping. Tuberculocidal in 10 minutes at 25°C. To Control Surface Mildew: After surface is cleaned, cover surface with mist. Repeat treatment every week for effective control. To Deodorize and Control Mildew on Shoes and Boots: After shoe/boots surface is cleaned, hold can upright with opening pointed away from face and 6” to 8” from shoe/boots surface to be treated. Spray interior and exterior of shoe/boots for 3-5 seconds or until surface is wet. Allow shoe/boots to air dry without wiping.

Special Instructions for Cleaning and Decontamination Against HIV on Surfaces/Objects Scaled with Blood/Bodily Fluids on pre-cleaned environmental surfaces/objects previously scaled with blood/bodily fluids in healthcare settings (or other settings in which there is an unexpected likelihood of scaling of environmental surfaces/objects with blood or bodily fluid, and in which the surfaces/objects likely to be scaled with blood or bodily fluids can be associated with the potential for transmission of HIV): Personal Protection: When handling items scaled with blood or bodily fluids, use appropriate barrier protection such as disposable latex gloves, gowns, mask or eye coverings. Cleaning Procedure: Blood and other bodily fluids must be thoroughly cleaned from surfaces and objects before application of the disinfectant. Contact Time: Spray surface to be treated 3-4 seconds from a distance of 6-8 inches, until surface is wet. Allow spray to dry without wiping or allow spray to contact treated surface for a minimum of ten minutes prior to wiping. Disposal of Infectious Materials: Blood and other body fluids should be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

Storage and Disposal
Do not contaminate water, food or feed by storage or disposal. Pesticide Storage: Store in a cool, dry (preferably locked) storage area away from direct sunlight, windows, flames and other sources of heat or ignition. Pesticide Disposal: Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Container Disposal: Non-refillable container. Do not reuse or refill this container. Do not incinerate or puncture! If empty: Replace cap, offer for recycling, if available; otherwise dispose of in trash. If partly filled: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals
CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash hands before eating, drinking, chewing gum, using tobacco or going to the toilet. Note: THIS PRODUCT CONTENTS A CHEMICAL(S) KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER.

First Aid
If on Skin or Clothing Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. If in Eyes Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-866-836-8855 for emergency medical treatment information.

Physical or Chemical Hazards
Flammable. Contents under pressure. Do not use or store near fire, sparks or heated surfaces. Do not store in direct sunlight. Do not smoke while using this product. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

Toxicological Properties
Hazardous to the central nervous system. May cause respiratory irritation and dermatitis. Causes irritation to the reproductive system. May be acutely toxic when inhaled. May cause sensitization by skin contact.

Acute Toxicity
Inhalation: 0.0025 mg/airway (0.725 parts per million). Skin: 0.04 mg/kg (400 parts per million). Intravenous: 0.06 mg/kg. Intragastric: 0.09 mg/kg (90 parts per million).

Other Toxicological Data
The material in this product has been found to be not capable of causing cancer in animals. Production of tumors is associated with chemical agents that are capable of producing cancer in animals but are not capable of producing cancer in humans. The material in this product is not known to be mutagenic.

Keep Out of Reach of Children
CAUTION
See back panel for First Aid and additional Precautionary Statements.

Net Wt. 15 1/2 oz. (439 grams)

Distributed by: U S Chemical Corporation 316 Hart Street Watertown, WI 53094-6631

LEMON
Disinfects *HIV-1 (AIDS Virus), Methicillin Resistant Staphylococcus aureus (MRSA), Vancomycin Resistant Enterococcus faecalis (VRE), *Polio Virus Types 1 and 2, *Influenza A/Hong Kong Virus, Mycobacterium Tuberculosis (TB) and *Herpes Simplex Virus Types 1 and 2 On Hard, Nonporous, Inanimate Environmental Surfaces

Kills Pandemic 2009 H1N1 Influenza A Virus* [formerly called “swine flu”]
Kills Most Germs
Controls Mold and Mildew - Eliminates Odors
Bactericidal - Staphylocidal - Tuberculocidal
Fungicidal - Pseudomonicidal - *Virucidal

Active Ingredients:
Orthophenylphenol (CAS No. 90-43-7)................................................................. 0.176%
Paraaminobenzoic Acid (CAS No. 80-46-6).......................................................... 0.045%
Ethanol (CAS No. 64-17-5).................................................................................. 95.95%
*Other Inactives......................................................................................................... 4.929%
Total ...................................................................................................................... 100.000%
*Contains Sodium Nitrite.
