At 7½ per gallon of water (or equivalent dilution) this product is effective against Candida albicans on hard non-porous surfaces. Follow directions for hospital disinfection. Repeat treatment every seven days, or more often if new growth appears.

For the product to perform properly. Then, apply a wetting concentration of 16 oz. of Pine-O-Cide II per gallon of water.

PINE-O-CIDE II

REORDER #HIL0018509

EPA Reg. No. 6368-169-1658

EPA Est. No. 1658-MO-1

KEEP OUT OF REACH OF CHILDREN

DANGER

Do not give anything by mouth to an unconscious person. Do not give by mouth to an unconscious person.

**An effective virucide at 6 oz. per gallon of water against Herpes Simplex Virus Type 2 and Influenza Virus Type A/Brazil. Kills Pandemic 2009 H1N1 influenza A virus.

When applied as directed to precleaned hard, nonporous surfaces, Pine-O-Cide II also kills the following organisms at 0.6 oz. per gallon: Enterobacter aerogenes, Escherichia coli, Shigella sonnei, Streptococcus pyogenes.

Pine-O-Cide II is effective against a wide variety of gram-positive and gram-negative bacteria, is an exudate deodorant, is especially effective in controlling odors that are bacterial in origin; mixes with water to form a clear, easily usable solution; can be applied as a pleasant-scented odor; may be used through automatic floor scrubbing equipment; is for use in industrial, commercial and/or medical areas.

Use Pine-O-Cide II for cleaning and deodorizing; one-step cleaning and disinfection; disinfection of precleaned, hard nonporous surfaces.

Use solutions are non-corrosive and non-staining to plastic, vinyl, synthetics, enamel & tile and most common metals.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

APPLICATION INFORMATION: Select the proper use-dilution of Pine-O-Cide II from the directions below. Apply the use-solution with a clean mop, sponge, cloth, squeegee, or mechanical scrubber. For disinfection, thoroughly wet the surfaces to be treated. Surfaces must remain moist for at least 10 minutes to assure proper germicidal action. Wipe dry with a clean cloth or sponge or allow to air dry.

Disinfecting: Hospitals, Healthcare Facilities (Clinics), Nursing Homes: Use 7 oz. of Pine-O-Cide II per gallon of water (1 part to 16 parts water) for one-step cleaning and disinfection of areas with light to medium soil loads. For heavily soiled areas, preclean as described above and then disinfect with 6 oz. of Pine-O-Cide II per gallon of water (1 part to 20 parts water).

This product is not to be used on medical device surfaces.

Cleaning: To Clean and Deodorize or to Preclean Prior to Disinfection. When applied as directed to precleaned hard, nonporous surfaces, Pine-O-Cide II also kills the following organisms at 6 ounces per gallon: Enterobacter aerogenes, Escherichia coli, Shigella sonnei, Streptococcus pyogenes.

Warning: This product is not to be used on medical device surfaces. Surfaces must remain moist for at least 10 minutes to assure proper germicidal action. Wipe dry with a clean cloth or sponge or allow to air dry.
