STORAGE AND DISPOSAL:
Do not use in sanitary areas, foods in ready-to-eat storage or disposal.

PESTICIDE STORAGE:
Keep from freezing. If frozen, thaw and make usable. Open container promptly after emptying. Clean and keep out of reach of children.

PESTICIDE DISPOSAL:
Non-refillable container. Do not reuse or refill this container. Clean and discard in a sanitary waste disposal facility.

PESTICIDE WASTE:
Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of in accordance with local regulations, please contact your local Hazardous Waste Management Center or, for hazardous waste representation at the record EPA Regional office for guidance.

CONTAINER DISPOSAL:
Nonrefillable container. Do not reuse or refill this container. Clean and discard in a sanitary waste disposal facility.

PHYSICAL OR CHEMICAL HAZARDS:
Do not use, store, or pour near open flames or spark areas. This product is corrosive to mild steel. Do not store or transport in unlined metal containers. Do not use, pour, or store near heat or open flames. This product is harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, diving, or gardening. Use protective clothing and eyewear when handling. Do not touch eyes with gloved hand. Use mechanical ventilation, if required, to maintain air quality.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:
This product is corrosive to mild steel. Do not store or transport in unlined metal containers. Do not use, pour, or store near heat or open flames. This product is harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, diving, or gardening. Use protective clothing and eyewear when handling. Do not touch eyes with gloved hand. Use mechanical ventilation, if required, to maintain air quality.

PRECAUTIONARY STATEMENTS:
For Sanitizing Equipment in Food Plants
1. Pre-flush or pre-scrape utensils, glasses, and hard, non-porous surfaces to remove gross food particles. Dilute with water, if necessary, to give the solution the consistency of a thin milk. Immerse hands to completely wet surface to above wrist area. Drain and wipe with a single service towel. DO NOT rinse.
2. Sanitize in a 200 ppm solution (1/4 oz. per gallon of water). Immerse utensils, glasses, and plates for at least 2 minutes. Thoroughly wet immovable surfaces using cloth, spray, or sponge for 2 minutes.
3. Rinse in clean water, allowing air to dry. Do not store or transport in unlined metal containers.

For Final Sanitizing Rinse in Food Plants
1. For hand wash operations, fresh sanitizing solution must be prepared at least daily; prepare more often if necessary. Rinse in clean water, allowing air to dry. Do not store or transport in unlined metal containers.
2. Sanitize in a 200 ppm solution (1/4 oz. per gallon of water). Immerse utensils, glasses, and plates for at least 2 minutes. Thoroughly wet immovable surfaces using cloth, spray, or sponge for 2 minutes.
3. Rinse in clean water, allowing air to dry. Do not store or transport in unlined metal containers.

FOR SANITIZING GLOVES:
1. Before handling, use the proper hand disinfectant. Then thoroughly wash in soap and water. Wipe with an approved hand disinfectant.
2. Sanitize in a 200 ppm solution (1/4 oz. per gallon of water). Immerse gloves in the solution for 2 minutes. Thoroughly wet immovable surfaces using cloth, spray, or sponge for 2 minutes.
3. Rinse in clean water, allowing air to dry. Do not store or transport in unlined metal containers.

POTENTIAL EXPOSURES:
The product contains, against Staphylococcus aureus (ATCC 6538), Clostridium perfringens (ATCC 13124), Escherichia coli (ATCC 11229), and salmonella (ATCC 12008) in food contact surface solution 2 minutes using 1 1/4 oz. per gallon of water (200 ppm).

MICROBIOLOGICAL DATA:
Discard used solution daily or more often if it becomes diluted or soiled. Test sanitizer solution with a test kit. Does not reduce the concentration of food contact surfaces. Discard used solution daily or more often if it becomes diluted or soiled. Test sanitizer solution with a test kit.

APPLICATIONS:
For Sanitizing Equipment in and Poultry Plants
1. Pre-flush or pre-scrape utensils, glasses, and hard, non-porous surfaces to remove gross food particles. Dilute with water, if necessary, to give the solution the consistency of a thin milk. Immerse hands to completely wet surface to above wrist area. Drain and wipe with a single service towel. DO NOT rinse.
2. Sanitize in a 200 ppm solution (1/4 oz. per gallon of water). Immerse utensils, glasses, and plates for at least 2 minutes. Thoroughly wet immovable surfaces using cloth, spray, or sponge for 2 minutes.
3. Rinse in clean water, allowing air to dry. Do not store or transport in unlined metal containers.

For Final Sanitizing Rinse in Food Plants
1. For hand wash operations, fresh sanitizing solution must be prepared at least daily; prepare more often if necessary. Rinse in clean water, allowing air to dry. Do not store or transport in unlined metal containers.
2. Sanitize in a 200 ppm solution (1/4 oz. per gallon of water). Immerse utensils, glasses, and plates for at least 2 minutes. Thoroughly wet immovable surfaces using cloth, spray, or sponge for 2 minutes.
3. Rinse in clean water, allowing air to dry. Do not store or transport in unlined metal containers.

FOR SANITIZING GLOVES:
1. Before handling, use the proper hand disinfectant. Then thoroughly wash in soap and water. Wipe with an approved hand disinfectant.
2. Sanitize in a 200 ppm solution (1/4 oz. per gallon of water). Immerse gloves in the solution for 2 minutes. Thoroughly wet immovable surfaces using cloth, spray, or sponge for 2 minutes.
3. Rinse in clean water, allowing air to dry. Do not store or transport in unlined metal containers.

NOTE: Read and check carefully all information, including the specifications on the label. The job will not be sent to print until final okay is received. All information contained on the label and in this box are the responsibility of the final approver.
**STORAGE AND DISPOSAL:**
Do not contaminate water, food, or feed by storage, disposal, or cleanup.

**PHYSICAL OR CHEMICAL HAZARDS:**
This product is corrosive to mild steel. Do not store or transport in unlined metal containers. Do not use, pour, or store near heat or open flame. This product is not a flammable liquid or gas.

**PESTICIDE STORAGE:**
Keep from freezing. If frozen, thaw and make useable. Open dumping is prohibited.

**CONTENTS:**
Net Contents: 3.78 L / 1 U.S. Gal.

**PRODUCT NUMBER:**
Product No: 57597280

**MANUFACTURED FOR:**
© 2010 Diversey, Inc., 8310 16th Street, Sturtevant, WI 53177-1964 Phone: 800 233 1000

**LABELING:**
Print/Plant Labeling

**DIMENSIONS:**
Size: 19.0" x 5.0"

**LAMINATION:**
Slip Sleeve

**DATE:**
Date Started: 11/23/10

**PRODUCT:**
D-Trol

**BRAND:**
Diversey

**Department:**
For Sanitizing Equipment in and Poultry Plants

**FOR FINAL SANITIZING BEFORE FROZEN:**
For Sanitizing Surfaces in Poultry Plants

**FOR FINAL SANITIZING BEFORE HUMAN FENCES:**
For Final Sanitizing Before Human Fences

**POISON CONTROL CENTER:**
Have the product container or label with you when calling a Poison Control Center or doctor or going in for treatment.

**1-800-851-7145**

**DANGER:**
POISONOUS. Do not contaminate water, food, or feed by storage, disposal, or cleanup.

**KEEP OUT OF REACH OF CHILDREN:**
Do not contaminate water, food, or feed by storage, disposal, or cleanup.

**NOTE:**
Read and check carefully all information, including the specifications on this page. The box will not be sent to print until final okay is received. All information contained on the label and in this box are the responsibility of the final approver.

**Hazardous Waste:**
If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional office for guidance.

**Agencies:**
Toxic Substances Control Act (TSCA), Emergency Planning and Community Right-to-Know Act (EPCRA), Ozone Depletion Prevention and Stratospheric Protection Act (ODPSPA), Resource Conservation and Recovery Act (RCRA), Safe Drinking Water Act (SDWA), Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), Occupational Safety and Health Act (OSH), Clean Air Act (CAA), Clean Water Act (CWA), and Safe Drinking Water Act (SDWA).

**EPA REGISTRATION:**
EPA Registration No. 875-187

**Pesticide:**
This product is registered for use on and around poultry, swine, and feed and water for poultry and swine.

**PESTICIDE DISPOSAL:**
Do not contaminate water, food, or feed by storage, disposal, or cleanup. Discard used solution daily or more often if it becomes diluted or soiled. Solution used in spray operations may not be re-used for sanitizing. Solution used in spray operations may not be re-used for sanitizing. Solution used in spray operations may not be re-used for sanitizing.

**PESTICIDE USE:**
Pre-flush or pre-scrape utensils, glasses, and hard, non-porous surfaces to remove gross food particles.

**MICROBIOLOGICAL DATA:**
This product sanitizes against Staphylococcus aureus (ATCC 6538), Escherichia coli (ATCC 11229), Enterobacter aerogenes (ATCC 15442) and Listeria monocytogenes (ATCC 11229), (ATCC 6538), (ATCC 15442) and Listeria monocytogenes (ATCC 11229), (ATCC 6538), (ATCC 15442) and Listeria monocytogenes (ATCC 11229).

**DISCLOSURE:**
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**PRODUCT INFORMED:**
