#### FIRST AID

<table>
<thead>
<tr>
<th>IF IN EYES</th>
<th>Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.</th>
</tr>
</thead>
<tbody>
<tr>
<td>IF ON SKIN OR CLOTHING</td>
<td>Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.</td>
</tr>
<tr>
<td>IF SWALLOWED</td>
<td>Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.</td>
</tr>
<tr>
<td>IF INHALED</td>
<td>Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.</td>
</tr>
</tbody>
</table>

In case of medical emergencies or health and safety inquiries, or in case of fire, leaking or damaged containers or for product use information, call 800-234-2269.

Have the product container or label with you when calling a poison control center or doctor for treatment advice.

**NOTE TO PHYSICIAN**

Contains petroleum distillate—vomiting may cause aspiration pneumonia.

### USER SAFETY RECOMMENDATIONS

Users should: • Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

**NOTE TO PHYSICIAN**

Contains petroleum distillate—vomiting may cause aspiration pneumonia.

### DIRECTIONS FOR USE

**WIPE® II Brand Fly Spray with Citronella** has been especially developed for use on horses. It provides a protective hair coating against flies while imparting a high sheen to the hair when brushed out. One to two ounces per head per day gives adequate protection. Apply by either soft cloth or fine mist spray.

**USE AS A SPRAY:** First, brush animal to remove excess dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against the hair growth. Give special attention to the legs, shoulders, shanks, neck and facial areas where flies most often are seen.
