For Interior or Exterior Coatings & Adhesives
Treats 100 Gallons
See Attached Product Bulletin

STAY-CLEAN I/E™ Mildewcide Paint Additive effectively
inhibits mold and mildew growth on interior and exterior
surfaces without affecting the color, drying time, or quality.

Registered and licensed in all 50 states.
No volatile organic compounds
For Interior & Exterior Use

Directions for Use: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To inhibit the growth of mold in paint and adhesives, add 2 grams Stay Clean I/E™ by fully depressing pump
dispenser once for each (1) gallon of paint or adhesive. Mix thoroughly and then use the paint or
adhesive as directed.

Precautionary Statements: Hazards to Humans and Domestic Animals

CAUTION: Wash Hands with soap and water after handling.

ENVIRONMENTAL HAZARDS: Do not discharge into lakes, streams or public waters unless in accordance with
an NPDES Permit. For guidance, contact your Regional Office of the EPA.

STORAGE AND DISPOSAL: Stay Clean I/E is stable during normal shipping, handling and storage conditions.
The product is stable when exposed to freezing temperature. When hot, it should not be used. Rinse
thoroughly with water and discard. Wastes resulting from the use of this product may be disposed of on site or
at an approved waste facility. Do not contaminate water, food or feed by storage or disposal.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the
label. Buyer assumes all risk if use and/or handling is contrary to label instructions. Information concerning
human and environmental exposure may be reviewed on the Material Safety Data Sheet and label for this
product. For additional information regarding incidents involving human and environmental exposure,
call (509) 522-0490.
