KEEP OUT OF REACH OF CHILDREN
DANGER

Manufactured by Lonza Inc., 50 Bordeaux Road, Allendale, NJ 07401
01/06/2012

FIRST AID
Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a Poison Control Center or doctor or going to treatment.

IF IN EYES: Hold open eye and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF INHALED: Remove the person from exposure. If symptoms persist, see a physician.

NOTE TO DOCTOR: Use of a drug Georgia may contraindicate the use of special drugs.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL PRECAUTIONS AND RESTRICTIONS
Do not apply this product in a way that will contact workers or other persons.

GENERAL INFORMATION
DANTOGARD PLUS INDUSTRIAL PRESERVATIVE preserves and aids in the control of bacteria in liquid dyes, deodorants, and other products in accordance with the regulations of the U.S. Environmental Protection Agency (EPA) and the Tariff Act of 1930, as amended, and the Federal Food, Drug, and Cosmetic Act as amended. For additional information, contact your State Water Board or Regional Office of the EPA. Do not apply directly to water. In areas where water is to be used, rinse to a point of no discernible odour or taste.

This product is not the Federal Food, Drug, and Cosmetic Act for use on food-contact surfaces and adhesives.

DANTOGARD PLUS INDUSTRIAL PRESERVATIVE must be added to the formulation to be preserved at a rate of 1.0 to 10.0 lbs per 1000 lbs, or 0.1% to 1.0% or 1.000 to 10.000 ppm based upon the total weight of the product to be preserved.

METALWORKING PLUS PRESERVATION (not for use in California): DANTOGARD PLUS INDUSTRIAL PRESERVATIVE is used to control bacterial and fungal growth in maintaining finishes when added as a preservative of 0.25% - 0.48%. Reduce to necessary levels upon the rate of preservation. Clean with water, soap, or detergent, and flush with water, soap, or detergent

For more information, call 1-800-424-9300. Before using consult material safety data sheet.

FOR HELP IN A CHEMICAL EMERGENCY CALL CHEMTREC 800-424-9300. BEFORE USING CONSULT MATERIAL SAFETY DATA SHEET.
