ALGAECIDE LIQUID

Balanced for clean pools

Active Ingredient:

Alkyl (C14, 58%, C16, 28%, C12, 14%)
dimethyl benzyl ammonium chloride ..............10.0%
TOTAL INGREDIENTS: ..................................100.0%
OTHER INGREDIENTS: ....................................90.0%

NET CONTENTS: 1 GALLON (3.78 L)

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions. Ensure all pool equipment is working properly. Clean or backwash filter following manufacturer’s directions. Adjust pH to between 7.2-7.6. In outdoor chlorine treated pools, add to establish a minimum stabilizer level of 30-40 ppm to induce the degradative effects of sunlight upon the chlorine residual. Check for metals and if present add a stain and scale inhibitor to prevent staining of pool surface due to metals. Maintain sanitizer residual in accordance with label directions found on your sanitizer. When using other products as outlined in directions for this product, always follow directions on those products.

INITIAL APPLICATION:

For an initial application, pour directly into pool at a rate of 3.2 fluid oz per 5,000 gallons of water (this will provide 0.5 ppm of this product in the water). More rapid distribution will be achieved by pouring a portion of the specified amount into several areas of the pool until all of the required quantity has been added. Recirculation will assure rapid dispersion. Wait at least 15 minutes after application before swimming pool.

MAINTENANCE:

Pour directly into pool at a rate of 3.2 fluid oz per 5,000 gallons of water every 7-9 days depending on weather and use factors (this will provide 0.5 ppm of this product in the water). After each rain of consequence, add 3.2 fluid oz per 5,000 gallons of water when the pool may not be in use for periods of algae growth should be made since a heavy accumulation of algae growth may be difficult to remove. The appropriate amount of this product should be added by pouring a portion of the specified amount into several areas of the pool until the required quantity has been added. Recirculation will assure rapid dispersion. Wait at least 15 minutes after application before entering pool.

STORAGE AND DISPOSAL:

Keep this product in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flames. CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

Keep out of reach of children. Danger: Corrosive. Causes irreversible eye damage and skin burns. May be fatal if swallowed. Do not get in eyes, on skin or on clothing.
