ENFORCER. ANT KILL & BARRIER TREATMENT

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not use in commercial food processing, preparation, storage or serving areas. In the home, when used indoors, remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Do not use on edible crops. Remove pets, birds, and cover fish aquariums before spraying. Do not allow children or pets to contact treated surfaces until spray has dried. Provide adequate ventilation of area to be treated. Do not apply in classrooms when in use. Do not apply this product in occupied patient rooms or in any institution while occupied by patients, the elderly or infirm. Do not apply to institutions (including libraries, sports facilities, etc.) in the immediate area when occupants are present.

FOR SPOT TREATMENT

To Kill Ants, Cockroaches, Crickets, Silverfish, Spiders, Sowbugs, Earwigs and Carpet Beetles: Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls, along baseboards, and door and window frames; behind and beneath sinks, stoves, refrigerators and cabinets; and around garbage cans, spouting and other utility installations. Directly spray pests shown out of hiding places. For ants, apply to ant trails, also around doors and windows and wherever else these pests may find entrance.

To Kill Brown Dog Ticks and Fleas: Thoroughly apply as a spot treatment to infested areas such as pet beds and resting areas, massage cracks and crevices; along and behind baseboards; window and door frames and localized areas of floor and floor coverings where these pests may be present. Remove old bedding and replace with clean, fresh bedding after treatment. Do not spray pets with this product. Simultaneously treat pets with a registered product for flea and tick control in conjunction with this treatment. Also, treat your yard with a product registered for yard application.

FOR CRACK AND CREVICE

To Kill Ants, Cockroaches, Crickets, Silverfish, Spiders, Sowbugs, Earwigs and Carpet Beetles: Apply spray in small amounts directly into cracks and crevices. Use equipment capable of delivering a pin stream in points between different elements of construction. Between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where the above listed insects hide. Avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

Flies and Mosquitoes: Use only out-of-doors as an aiding in reducing annoyance from these insects. Spray outside surfaces of doors and windows, and other areas where pests may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use. Do not use on edible crops. Hold can two to three feet from surface to be treated and spray in-interrupted surface of patio or picnic area, hitting as many insects as possible. Spray to tightly moisten the surface.

STORAGE:

Store in a cool, dry place (preferably locked) storage area inaccessible to children and pets and away from heat, open flame, and other sources of ignition. Do not incinerate or puncture. DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available.

PRECAUTIONARY STATEMENTS

Hazard to Humans & Domestic Animals

CAUTION: Harmful if inhaled or absorbed through skin. Avoid breathing vapor or spray mist. Avoid contact with skin, eyes and clothing. Thoroughly wash with soap and water after use and before smoking.

First Aid

If Swallowed: Immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Remove from exposure and get fresh air. If not breathing, call 911 or an ambulance. If breathing does not stop, give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.

If on Skin or Clothing: Remove contaminated clothing. Wash skin with soap and water after use and before smoking.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If in Contact with Mammals: Thoroughly wash as a spot treatment to infested areas such as pet beds and resting areas. Avoid contaminating of food or food processing surfaces.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration of container may cause explosion. Do not use in or on electrical equipment.

INACTIVE INGREDIENTS:

- Alcohol: 70.00%
- Denatured Alcohol: 0.00%
- Propylene Glycol: 0.00%
- Other Ingredients: 25.00%
- TOTAL: 100.00%
