It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is used to protect treated articles from decay, mold or mildew, including paints and stains, adhesives, caulks, greases, sealants, wood and wood composites.

This product must not be formulated to be used as or in combination with paints. This product may only be added to paints that are labeled, API with product specific instructions for the use of a respirator during application; or B) as follows: ‘When applying with a sprayer, wear a dust/min dust filtering respirator (MSHA/NOSH approval prefix TC-21C) or a NIOSH approved respirator with any P, R, or N filter. If it is not present in the product or recommended for use as an additive in the paint product, add “N” as an additional filter type.’ Mix contents directly before using to assure uniform mixture. BUSAN 1192D is an aqueous dispersion containing 40.4% (w/v) active ingredient. BUSAN 1192D is to be used in water-based or water-compatible products only.

Storage and Disposal

PESTICIDE STORAGE: Store in a cool place. Protect from excessive heat.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of empty containers, pesticide formulation or rinse is a violation of Federal Law. If these wastes cannot be disposed of by use according to label directions, consult your State Pesticide Control Agency, or the Environmental Protection Agency at your EPA Regional Office for guidance.

CONTAINER DISPOSAL:

For containers larger than 55 gallons:

To clean the container prior to refilling or disposal, use a pressure wash system that rinses all interior sides with water and that is rated at 400 psi and 120° F. Pressure wash the container for a length of time that ensures all interior sides of the container are cleaned. Following the rinsing procedure, empty the container. After rinsing the container, refill it with pesticide or rinse with a mixture of one part water to nine parts of the pesticide concentrate. Do not use this procedure more than twice. Allow container to drain for 10 minutes after pressure wash is completed.

For containers smaller than 55 gallons:

To clean the container prior to refilling or disposal, use a pressure wash system that rinses all interior sides with water and that is rated at 400 psi and 120° F. Pressure wash the container for a length of time that ensures all interior sides of the container are cleaned. Following the rinsing procedure, empty the container. After rinsing the container, refill it with pesticide or rinse with a mixture of one part water to nine parts of the pesticide concentrate. Do not use this procedure more than twice. Allow container to drain for 10 minutes after pressure wash is completed.

For containers that have been drenched or heavily contaminated with this product’s concentrate. DO NOT reuse them.

Precautionary Statements

HAZARDS TO HUMANS AND DOMESTIC ANIMALS May be harmful if inhaled. Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Do not breathe sprayed mist. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals.

Personal Protective Equipment (PPE):

- Hands: rubber gloves
- Eyes: safety goggles
- Face: mask
- Clothing: long sleeves, long pants
- Respiratory: face or headpiece respirator

Storage:

For Manufacturing Use to Impart Mildew Control on Paint and Stain Films, Adhesives, Caulks and Sealants, and on Freshly Sawn Wood, and Decay Protection in Wood Composites. For water-based or water-compatible products only.

For water-based or water-compatible products only. Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.
