ACTIVE INGREDIENTS:
fipronil: 0.29%

OTHER INGREDIENTS:
99.71%

TOTAL: 100%

8.5 fl oz (250ml)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS. CAUTION. Harmful if swallowed or absorbed through the skin. May cause severe eye irritation. Avoid breathing spray. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Persons applying this product must wear household latex gloves.

HAZARDS TO DOMESTIC ANIMALS.

For external use only. May cause severe eye irritation. Take care not to spray in the animal’s eyes or facial area. Do not use on kittens and puppies under 8 weeks. Individual sensitivities, while rare, may occur after using any pesticide product for pets. If signs persist, or become more severe, consult a veterinarian immediately. Certain medications can interact with pesticides. Consult a veterinarian before using this product on medicated, debilitated, aged, pregnant or nursing animals.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE. Keep away from heat and open flame.

STORAGE & DISPOSAL

STORAGE. Store unused product in original container only, out of reach of children and animals.

PESTICIDE DISPOSAL. If partly filled, call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

CONTAINER DISPOSAL. If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

FRONTLINE® Spray provides fast-acting, long-lasting, waterproof treatment and control of fleas, ticks, and chewing lice for adult dogs and cats and for puppies and kittens 8 weeks of age or older.

**Fleas**
- Kills fleas
- Kills newly emerged adult fleas before they lay eggs
- Stops existing infestations and prevents establishment of new infestations
- Kills fleas which may cause flea allergy dermatitis

**Lice**
- Rapidly eliminates chewing lice infestations

**Mites**
- Aids in control of sarcoptic mange infestations in dogs

**Ticks**
- Kills all life stages of ticks (larva, nymph and adult), including brown dog ticks (*Rhipicephalus sanguineus*), American dog ticks (*Dermacentor variabilis*), lone star ticks (*Amblyomma americanum*) and deer ticks (*Ixodes scapularis*).
- Kills ticks that may transmit Lyme disease, Rocky Mountain spotted fever, ehrlichiosis, babesiosis, anaplasmosis, haemobartonellosis and other tick-borne diseases.

FRONTLINE® Spray is a registered trademark of Merial. ©2016 Merial, Duluth, GA. All rights reserved. EPA Reg. No. 65331-1 EPA Est. 065331-FRA-002 Merial, Inc. 3239 Satellite Blvd. Duluth, GA 30096-4640, USA Made in France.
Frontline Spray stops existing infestations and prevents establishment of new infestations by killing fleas, ticks, and chewing lice for at least 30 days. Frontline Spray may protect dogs against fleas for up to 90 days.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To prevent harm to you and your pet, read entire label and attached directions before each use. Follow all directions and precautionary statements carefully. Use only on dogs and cats. Do not use on rabbits. Do not use on any other animals.

1: Wear household latex gloves.
2: Hold bottle in upright position. Ruffle the animal’s coat with one hand while applying spray mist to the animal’s back, sides, abdomen, legs, shoulders, and neck.
3: For head and eye area, spray Frontline on a gloved hand and rub gently into animal’s hair.

To Open: Push the button on top of the trigger and turn the nozzle to the position.

To Close: Push the button on top of the spray and turn the nozzle to the X position.

To kill fleas and all life stages of brown dog ticks, American dog ticks, lone star ticks, deer ticks (which may transmit Lyme disease) and chewing lice, apply Frontline® Spray to dogs, cats, puppies, and kittens as follows:

Do not get this product in your pet’s eyes or mouth. Apply spray mist until animal’s hair is damp to thoroughly wet. Approximately 1 to 2 pumps per pound of the animal’s body weight will be required. Pets with long or dense coats will require the higher rate.

As with any flea control product, wash hands and exposed skin thoroughly with soap and water after use.

To prevent flea build-up or reinfestation, use Frontline Spray prior to the onset of flea season and monthly thereafter. Ticks do not need to receive spray directly upon their body for complete control. Multiple monthly treatments are recommended for the elimination of mites. Do not reapply spray for 30 days.

Frontline Spray remains effective even after bathing, water immersion, or exposure to sunlight.
