Enforcer®

Flea Spray
For Carpets & Furniture xx

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Restrictions
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Remove pets, birds, and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off.

Enforcer Flea Spray for Carpets & Furniture XX kills fleas and ticks and contains a combination of ingredients that kills adult fleas, flea eggs and larvae. One of these ingredients, kills fleas by preventing their development into the adult biting stage. It reaches fleas hidden in carpets, rugs, drapes, upholstery, pet bedding and floor cracks. A treatment with this spray provides continuous flea protection for up to 120 days (4 months) and leaves no objectionable odor or sticky mess. When used as directed, this product will not stain furnishings and carpeting.

Fleas, Ticks and Carpet Beetles: SHAKE WELL. ONLY FOR INDOOR USE. Hold can 2 or 3 feet from surfaces to be treated. Treat all carpeted areas and all baseboards of hard surfaced floors. Spray underneath furniture, sofas, chairs and beds. Evenly apply a fine mist or spray to carpets, rugs, drapes and all surfaces of upholstered furniture by using a wide, sweeping motion. Do not saturate surfaces. Treat pet bedding, a primary hiding place for fleas. No need to remove pet bedding after treatment. Do not spray humans or pets with this product. Use an Enforcer® product registered for flea control on pets in conjunction with this treatment. Do not re-enter treated areas until completely dry.

The flea pupae (cocoon) stage is not affected by this product because the cocoon is very difficult to penetrate. Repeated treatments and daily vacuuming required to kill fleas newly emerged from the pupae stage.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a cool, dry (preferably locked) storage area inaccessible to children and pets and away from heat, open flame or other sources of ignition.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazard to Humans & Domestic Animals

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes or clothing. Avoid breathing vapor or mists. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish and aquatic organisms, including fish and aquatic invertebrates. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements.

FIRST AID

IF SWALLOWED: Immediately call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not do anything by mouth to an unconscious person. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-541-2016 for emergency medical treatment information. The number for your local poison control center is listed on the back of the product container. In the event of an animal-related emergency, call the national Animal Poison Control Center.

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.
