DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Not for use on plants being grown for sale or other commercial use, or for commercial seed production or for research purposes. For use on plants intended for aesthetic purposes or climatic modifications and being grown in ornamental gardens or parks, or on golf courses or lawns and grounds or residential fruit trees.

PRECAUTIONS AND RESTRICTIONS: Do not apply this product in a manner that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not enter or allow others to enter until dusts have settled.

This pesticide may be harmful to children and fatal to dogs and other domestic animals if ingested. Children and dogs may be attracted to metaldehyde products. Be sure to store all metaldehyde products out of the reach of children and pets.

Application of this pesticide is prohibited except with the permission of the Arizona Department of Agriculture. Application is permitted only to turf areas (i.e., on soil or mulch) directly surrounding plants listed for use on the label.

WHEN TO APPLY
- To prevent damage to transplants and seedlings, apply immediately after transplanting.
- Repeat treatments according to the table instructions.

HOW TO APPLY
- If grass is dry, water area to be treated.
- Scatter directly from container via the shaker can, applying 1 teaspoon per 12 sq ft (approximately 15 particles per sq ft).
- Avoid applying pellets in piles that may attract pets.
- Always wear protective gloves. Scrape the granules into the soil since the active ingredient is present on the surface of the ground.
- Sprinkle lightly over soil until application.

WHEN TO HARVEST

Harvest according to table instructions.

AROUND LISTED VEGETABLES AND TOMATOES: Apply 1 teaspoon per 12 sq ft (approximately 15 particles per sq ft), distributing granules around listed fruits and vegetables. Do not contaminate edible parts.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed storage or disposal. PESTICIDE STORAGE: Do not put pest control into feed or food storage. Avoid contamination of feed and foodstuffs. This product can be harmful to children and fatal to dogs and other domestic animals if ingested. Dogs have been known to ingest metaldehyde after opening or treating packaging. Do not store the product in its original packaging in a cool, secure location (preferably in a locked, storage area), and out of reach of children and pets.

PESTICIDE DISPOSAL: Non-refillable container. Do not reseal or refill container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain. Do not apply to ponds or ditches; do not apply to ponds around fish populations.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Causes severe eye irritation. Avoid contact with eyes or clothing. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. IMPORTANT: This product may be harmful to children and fatal to domestic animals if ingested. Children and dogs may be attracted to metaldehyde products and their packaging.

FIRST AID

If eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after the first 3 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If skin: Wash skin with soap and water. If contact is prolonged, call a Poison Control Center or doctor for treatment advice.

POISONING TREATMENT: Seek medical care as soon as possible after exposure. For incidents involving ingestion, seek veterinary care as soon as possible after exposure. Have the product container or label with you when you call a poison control center or doctor or veterinarian, or go for treatment. For information on this pesticide product, including health concerns, mediceneadycs, treatment advice, or poison incidents, call 1-800-225-2883.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to aquatic fish and crustaceans. The following instructions are not intended for use in or near water. Do not contaminate water, food, or feed storage or disposal. Avoid contamination of food and foodstuffs. Do not store the product in its original packaging in a cool, secure location (preferably in a locked, storage area), and out of reach of children and pets.

Physical or Chemical Hazards:

- Keep this product away from strong sunlight.
