UNITED CHEMICAL

Green Treat®

ALGICIDE

Rescue treatment for use to control blooms of green algae in any type pool or spa

PRECAUTIONARY STATEMENTS:

HAZARD TO HUMANS AND DOMESTIC ANIMALS: DANGER. Causes irreversible eye damage and skin burns and is harmful if swallowed or absorbed through skin. Do not get in eyes or on clothing. Wear protective clothing, rubber gloves, goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling concentrate. Remove contaminated clothing and wash clothing before reuse.

STATEMENT OF PRACTICAL TREATMENT (FIRST AID): IF IN EYES: Hold eyesopen and flush with a steady gentle stream of water for 15 minutes. Get medical attention.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF SWALLOWED: Call a physician or get medical attention. Do not induce vomiting or give anything by mouth to an unconscious person. Drink promptly large quantities of water. Avoid alcohol. Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

PHYSICAL AND CHEMICAL HAZARDS: Reducing agent. Avoid breathing dust from this product. Do not allow this product to come in contact with acids or oxidizing agents under conditions other than described in the directions for use. Add this product to water only. Neglecting mixing of this product with acids or oxidizing agents may cause the release of poisonous, corrosive hydrogen bromide or bromine gas.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic organisms.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with labeling. Always add Green Treat® directly to pool or spa. TO CONTROL BLOOMS OF GREEN ALGAE IN SWIMMING POOLS AND SPAS TREATED WITH CHLORINATING OR BROMINATING PRODUCTS.

STEP 1: Determine pool or spa volume.

STEP 2: For swimming pools: Add 1 pound Green Treat® per 10,000 gallons of water, preferably near the green algae. For spas: Add 1 ounce Green Treat® per 500 gallons of water, preferably near the green algae.

STEP 3: Independent of the chlorine level, immediately add liquid or dry chlorinating product for super-chlorination. Use the recommended dosage rate for super-chlorination from the label of an EPA-registered chlorine product.

STEP 4: Before swimming, use test kit for measuring chlorine levels, as directed on your chlorinating product label. Do not enter water or swim until the chlorine residual drops to 3 ppm.

STEP 5: Repeat as necessary.

To prevent recurrence of green algae and to maintain crystal clear water, No Mor Problems® may be used in conjunction with chlorine or bromine. Follow the Directions For Use for No Mor Problems®. Maintain the chlorine or bromine level recommended on the chlorinating or brominating product label.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by the use, storage or disposal of this product. STORAGE: Store in a dry, well ventilated area out of the reach of children and away from oxidizers. Keep container closed when not in use.

DISPOSAL: Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsewater is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Do not reuse container, but place in trash collection. Rinse thoroughly before discarding in trash.
