EPA Reg. No. 34473-4
EPA Est. No. 34473-MA-1

PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, absorbed through the skin or inhaled. Avoid inhalation and avoid skin, mouth and eye contact with the openings in the cartridge. Wash thoroughly with soap and water after handling.

FIRST AID

If on skin or clothing:
• Rinse off contaminated clothing.
• Wash skin immediately with plenty of water for 15 to 30 minutes.
• Call a poison control center or doctor for treatment advice.

If in eyes:
• Hold eye open and rinse slowly and gently with water for 15 to 30 minutes.
• Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

If inhaled:
• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
• Call a poison control center or doctor for further treatment advice.

If swallowed:
• Call poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by the poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

• Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Directions for Use:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Remove the Octenol cartridge from the sealed pouch and peel the protective covering from the face of the cartridge. Avoid touching the openings in the cartridge and always wash hands thoroughly after contact.

2. Installation:
Refer to the owners manual accompanying your Flowtron or Galaxian insect control device for instructions on locating and installing the Octenol cartridge.

3. For other brands of insect control devices, use the enclosed double tape to secure the cartridge in the location specified in the device's owners manual.

When your device is operating, it will produce the required haze and convective air flow to support the attractant and disperse it in the proper rate per hour. For best results replace cartridge after 450 hours of use.

Storage and Disposal:
Store unused attractant cartridge in a cool, dry place until ready to use.

Disposal:
If empty, do not reuse cartridge. Place in trash or offer for recycling if available.
If partly filled, contact your local solid waste agency at 1-800-CLEANUP for disposal instructions.
Never place unused product down any indoor or outdoor drain.
