TOTAL ..............................................................................................100%

KEEP OUT OF REACH OF CHILDREN
See additional precautions and first aid on back panel

CAUTION

NET CONTENTS 1/2 GALLON

DIRECTIONS FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

DOSAGE RATES:
Solid-Covered Pools: Apply one-half (½) gallon of this product per 20,000 gallons of pool water.

Mesh-Covered or Uncovered Pools: Apply one (1) gallon of this product per 20,000 gallons of pool water

APPLICATION:
Shake the container well and pour the proper amount of this product around the entire pool perimeter. Continue circulation of pool water for 6 hours to ensure proper distribution of this product.

INITIAL POOL STARTUP:
In spring, WINTERTRINE™ winterized pools must be cleaned and vacuumed. Start your algae-free swimming season by using WINTERTRINE™ as part of your regular swimming season maintenance program.

IMPORTANT NOTE:
This product is compatible with other pool treatment chemicals. Compatible with all sanitizers including bromine, chlorine, salt water, ozone and minerals.

TO ESTIMATE POOL CAPACITY
Square or Rectangular Pools – L x W x D x 7.5 = Gallons
Circular or elliptical Pools – L x W x D x 5.9 = Gallons

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION:
Harmful if swallowed, inhaled or absorbed through skin. Causes eye and skin irritation. Avoid contact with skin, eyes, or clothing. Avoid breathing vapor or spray mist. Remove contaminated clothing and wash immediately with soap and water. Decoration of some essential oils may be toxic to fish. Do not apply product in areas where it may enter water. Keep out of reach of children.

FIRST AID:
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Allow person to breathe air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING:
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES:
Hold eyelids open and rinse slowly with water for 15 to 20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IN CASE OF EMERGENCY CALL: 1-800-654-6911

ENVIRONMENTAL HAZARDS:
This pesticide is toxic to fish and aquatic organisms. For Spills: Contain and dispose in accordance with local guidelines. Do not contaminate food or feed by storage or disposal or cleaning of equipment.
