Buckman BUSAN 1200WB is a registered trademark.

**DIRECTIONS FOR USE**
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Technical assistance in applying BUSAN 1200WB for microorganism control as described in the following is available upon request and at the nearest area vented locations. Excess or remaining product should be disposed of properly. Failure to do so may cause damage or contamination of the finished product.

**ACTIVE INGREDIENT(S)**
- 2-(Thiocyanomethylthio)benzothiazole

**INERT INGREDIENTS**
- Net contents marked on container
- 10/16/2017

**LEATHER**
BUSAN 1200WB is recommended for the prevention of mold, bacteria, and fungi in the storage, transport and handling. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. This pesticide is toxic to fish. Do not use in offshore or estuarine drilling operations.

**2-(Thiocyanomethylthio)benzothiazole.........................................................................30.0%**

**Americas**

**NOTE TO PHYSICIAN**
When used as directed, BUSAN 1200WB controls bacteria and fungal slime in waste water treatment systems. It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**Hazardous Waste**

**Storage and Disposal**
Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE**
Do not expose to extreme temperatures. If applicable, do not store more than four drums high. Clear labels are required on the outside of the drum. See the label for instructions on proper disposal. This material is a hazardous waste and should be disposed of in a manner consistent with Federal, State, and local laws and regulations.

**PESTICIDE DISPOSAL**
Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of a Federal Law. If these wastes cannot be disposed of by use according to Federal, State and local regulations, then they must be disposed of by a licensed hazardous waste hauler or by a licensed treatment, storage, and disposal facility. Contact your local Environmental Protection Agency (EPA) for more information.

**CONTAINER DISPOSAL**
(Test for all nonrefillable containers)
Nonrefillable container. Do not reuse or recondition. Rinse container thoroughly with water. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

**Directions for Use**

**pisos**

**First Aid**

**If In Eyes**
Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**If On Skin, Clothes**
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Take person to the doctor.

**If Swallowed**
Do not induce vomiting unless told to do so by the doctor or poison control center. Do not give anything by mouth to an unconscious person.

**If Inhalled**
Move person to fresh air. If not breathing, give artificial respiration. If consciousness is lost, give artificial respiration and mouth-to-mouth resuscitation, if appropriate.

**Precautionary Statements**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER:** Causes irreversible eye damage. Causes skin irritation. This product may cause allergic skin reactions. Harmful if swallowed. Do not allow contact with skin or clothing. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Do not use in offshore or estuarine drilling operations. For terrestrial uses, do not apply directly to water in or above where surface water is present or to intertidal areas below the mean high water mark. Do not discharge effluent containing this product into lakes, streams, ponds, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this pesticide to systems or bodies of water adjoining interstate streams or intrastate streams and rivers having an interstate connection, or any other water system unless it is in accordance with the requirements of a NPDES permit and the permitting authority has been notified in writing prior to discharge. Do not discharge rinse water containing this pesticide directly to surface water, ground water, sewers or the municipal sewer system without prior written approval from the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**PHYSICAL AND CHEMICAL HAZARDS:** Do not use or store near heat or open flame.

**Storage and Disposal**
Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Do not expose to extreme temperatures. If applicable, do not store more than four drums high. Clear labels are required on the outside of the drum. See the label for instructions on proper disposal. This material is a hazardous waste and should be disposed of in a manner consistent with Federal, State, and local laws and regulations.
