**SHIPPING AND RECEIVING INFORMATION:**

- **Quantity:**
  - 50 lbs (23 kg)
- **Plastic container:**
  - 5 lbs (2.3 kg)
- **Glass bottle:**
  - 3 lbs (1.4 kg)
- **ADDITIONAL INFORMATION:**
  - **Stability:**
    - 1 year
  - **Storage:**
    - Keep dry, in a cool, dry place.
  - **Proper disposal:**
    - Do not mix with other chemicals. Mix only with water. Never add water to the product.
    - Do not mix with other chemicals. Mix only with water. Never add water to the product.
    - Do not mix with other chemicals. Mix only with water. Never add water to the product.

**NOTE:**

- **TRICHLORO-S-TRIAZNINETRIONE**

  - **Active ingredient:**
    - 99.0%
  - **Total ingredients:**
    - 100.0%
  - **Available chlorine:**
    - 90%

**STORAGE AND DISPOSAL:**

- **Non-refillable container.** Do not reuse or refill this container. Offer for convenient use in above ground and in-ground pools.
- **Keep out of reach of children.**
- **Label directions.**
  - Read entire label directions and use strictly in accordance with precautionary statements and directions.
  - 1. Ensure all employees are familiar with the product and its uses.
  - 2. Place floater on the pool floor with open holes in center of the pool. (Fig. B) After 24 hours check residual chlorine level with a test kit. If residual chlorine level is below 1.0 ppm cut-off one additional nub until chlorine stabilizes at 1-4 ppm. If certain holes are wide open to allow water to flow through freely.
  - 3. During shock treatment, remove floater from pool. Place floater in an empty, clean, dry plastic container. Place it in the sun on a warm day. After 24 hours move container to a cool, dry place.
  - 4. Do not attempt to open or refill this product.
  - 5. Do not leave floater in pool when pool is covered with solar blanket or cover. Damage to blanket, cover or pool may result. Build-up of gases may occur within floater.
  - 6. Do not attempt to open or refill this product.

**ENVIRONMENTAL HAZARDS:**

- **Hazards to humans and domestic animals:**
  - **Irritants:**
    - Causes irreversible eye damage and skin burns. May be fatal if inhaled. Do not breathe dust or mist. Use in a well ventilated area.
  - **Corrosive:**
    - Causes irreversible eye damage and skin burns. May be fatal if inhaled. Do not breathe dust or mist. Use in a well ventilated area.

**DANGER: See side panel for First Aid and additional precautionary statements.**

**FIRST AID: IF IN EYES:**

- 1. Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the last 5-10 minutes. Call a poison control center or doctor for treatment advice.

**IF INHHALED:**

- 1. Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration.

**IF SWALLOWED:**

- 1. Do not attempt to open or refill this product.
