Manufactured by

CETYLITE INDUSTRIES, INC.
8501 River Road
Plaistow, N.J. 03810-0293

Rev. 4/98
Made in U.S.A.

NET CONTENTS: 32 OZ. (0.946L)
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To be used in hospitals in the following areas or on the following equipment: operating rooms, patient care areas & facilities, recovery, anesthesia, OR, radiology, X-ray, 3-way valve line, neonatal nursery, intensive care units, respiratory therapy, eye centers, ICU, blood collection areas, central supply, housekeeping, dietary, and X-ray rooms. This product can be used to disinfect the following non-porous, hard, non-porous, non-tarnished environmental surfaces: glass, laminated surfaces, metal, stainless steel, glazed porcelain, glass ceramic, metal-granite, sealed marble, plastic such as polystyrene, polyethylene, polyurethane or polypropylene, sealed (sanded) wood, sealed stone, sealed veneers, sealed laminate, ceramic, tile, and plastic. The following surfaces may consist of these immediately identified materials: toilets, floors, facing, sinks, toilet bowls, wall panels, counters, counter tops, hand wash basins, and urinals.

SOLUTION: With each cap closed and the front label facing up, fill the bottle according to the concentration in the measuring chamber. Fill the bottle to the desired amount. (The number on the right side of the measuring scale may be used as a guide when filling bottle.) Close bottle securely with bottle cap to the desired amount. (See at a dilution of 1:100; 100 parts of solution to 1 part of water.)

DISINFECTION: Add 2 ounces Cetylspore 1% per gallon of water. Remove gross filth or heavy soil. For heavily soiled areas, a presoaking step is required. Apply solution with a brush, mop, sponge or hand pump trigger sprayer (Sanitizer), such that all surfaces remain wet for 10 minutes. Let air dry. Prepare a fresh solution for each use. Cetylspore 1% is effective in hard water up to 300 ppm hardness (0.25 to 1% as CaCO3) and in the presence of 2% organic soil (5% blood serum).

VIRUCIDAL: When used on non-porous, hard, non-porous, non-tarnished, environmental surfaces of 2 ounces per gal. of water for a 10-minute contact time (5% organic soil), except for enveloping type I (enveloping fat) which requires a 30-minute contact time (5% organic soil) and NO-1 which requires a 30-second contact time.

BACTERIAL STABILITY OF USE-SOLUTION: Tests confirm that this product, when diluted in 1:100 parts hard water and in the presence of 2% soil, is effective against Pseudomonas aeruginosa. Staphylococcus auritis for up to 24 days when stored in a sealed container at room temperature.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

KEEP OUT OF REACH OF CHILDREN. Corrosive. Causes immediate eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Wear protective eyewear (goggles, face shield or safety glasses). Wear protective clothing and rubber gloves. Avoid contamination of food. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash work robe.

*For complete instructions, clams, First Aid, Storage and Disposal Information refer to Package Insert.

Item #2151

Rev 023
STATEMENT OF PRACTICAL TREATMENT - FIRST AID IF ON SKIN OR CLOTHING: Take off contaminated clothing. Wash skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses (if present) after the first 5 minutes, and continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor (immediately if on the balance of knowlge, forwards 15-20 minutes). Remove任何可能的 contamination of water. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, give artificial respiration, preferably mouth-to-mouth. Be prepared. Call a poison control center or doctor for further treatment advice. Here the product container or label with you when calling a poison control center or doctor, or for getting treatment.

NOTE TO PHYSICIAN: Potentially mucosal damage may continue the use of glucocorticoids.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

STORAGE
Do not store at room temperature. Avoid contact with eyes, skin, or clothing. Store in a cool, dry place. Do not store in a place where temperatures exceed 100°F (38°C). Store in the original container. Do not store or dispose of in hazardous areas. In case of spill, follow local regulations for disposal.

DISPOSAL
Follow local regulations for disposal. Do not dispose of in a landfill. Disposal must be in accordance with local regulations.
