**SANIFECT PLUS 1**

**DANGER**

**FIRST AID**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

See back panel for Precautionary Statements.

**NET CONTENTS:** 1 gal. (3.79 L)
SANIFECT PLUS 1

A multi-purpose, neutral pH, germicidal detergent and deodorant effective in hard water up to 200 ppm (calculated as CaCO₃) in the presence of a moderate amount of soil (5% organic serum) according to the AWWA M-8-97 test. Destroys, cleans, and deodorizes in one labor-saving step. This product is effective against Campylobacter jejuni resistant Enterococcus faecalis (VRE), including: Enterobacter cloacae - NDM-1 positive, Escherichia coli - NDM-1 positive, Klebsiella pneumoniae - NDM-1 positive.

Effective against the following pathogens:
- Pseudomonas aeruginosa
- Staphylococcus aureus
- Salmonella enterica
- Legionella pneumophila
- Enterococcus faecalis-Vancomycin-Resistant (VRE)
- Staphylococci aureus-Methicillin-resistant (MRSA)
- Staphylococcus aureus-Intermediate Resistance to Vancomycin (VISA)
- Hemophilus influenzae type B (HIB), Hemophilus Influenzae type A (HIA)
- Hemophilus Influenzae type C (HIC)
- Hemophilus Influenzae type H1 (HI1)
- Hemophilus Influenzae type H2 (HI2)
- Neisseria meningitidis
- Campylobacter jejuni
- Helicobacter pylori
- Rickettsia prowazekii
- Yersinia enterocolitica
- Vachon meningitis
- V. Cholerae

See reference sheet for complete list of organisms and additional directions for use.

For use in hospitals and nursing homes as a decontaminant. Use in schools, colleges, commercial and industrial institutions, office buildings, hotels, motels and airports. Destroys, cleans and deodorizes the following hard, nonporous, inanimate surfaces: floors, walls, glass, porcelain, plastic surfaces (such as polypropylene, polyethylene, acrylic, etc.). This product has demonstrated effectiveness against influenza A virus and is expected to inactivate all influenza A viruses including Pandemic 2009 H1N1 influenza A virus.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**SOLUTION (CALCULATE 2 OUNCES PER GALLON OF WATER (800 ppm quat))**

No product is to be used on medical device surfaces.

**DISINFECTION/CLEANING/DEODORIZING DIRECTIONS:** Remove heavy soil deposits from surface, then thoroughly wet surface with a use-solution of 2 ounces of the concentrate per gallon of water (8 oz. per gallon of water to kill Adenovirus Type 7). The use-solution may be applied with a cloth, mop, sponge, or coarse spray device. Spray 6-9 inches from the surface, rub with a brush, cloth or sponge. Do not breathe spray. Let solution remain on surface for a minimum of 10 minutes. Rinse or allow to air dry. Wiping of floors is not necessary unless they are to be waxed or polished. Food contact surfaces must be thoroughly rinsed with potable water. This product must not be used to clean the following food contact surfaces: utensils, glassware and dishes. For Human Coronavirus, treated surfaces must remain wet for 1 minute. Wipe dry with a clean cloth, sponge or mop or allow to air dry. For Influenza Type A and B, treated surfaces must remain wet for 2 minutes. Wipe dry with a clean cloth, sponge or mop or allow to air dry. Prepare a fresh use-solution daily or more often if the solution becomes visibly dirty or diluted.

**FUNGICIDAL DIRECTIONS:** For use in areas such as locker rooms, dressing rooms, shower and bath areas and exercise facilities, follow disinfection directions.

**STORAGE AND DISPOSAL**

For Medical Emergency ONLY call: 24 Hour Emergency Response Number 1-866-823-9013

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER. CORROSIVE. Causes irreversible eye damage. Do not get in eyes or on clothing. Wash protective eyewear (goggles, face shield, or safety glasses). Harmful if inhaled. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.**

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Open caps are prohibited. Store in original container in areas inaccessible to children. Infection Control. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray residue or rinse water is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Recycling of the nearest EPA Regional Office for guidance. **Container Disposal:** Nonrefillable container. This container must be cleaned promptly after cleaning or removal of rinse water. Clean container in accordance with the Copycat label instructions. **HAZARDS TO HUMANS AND DOMESTIC ANIMALS**
