NET CONTENTS: 1 PT (16 FL OZ) 473 mL
concern. For best penetration, ruffle the coat on leather/vinyl materials, or other surfaces of surfaces, including wood floors/furniture, and allow spray from application or damp animal to come into contact with painted or finished product on the coat will provide effective flea control. Do not reuse or refill this container.

Do not contaminate water, food, or feed by storage or disposal. Stanislaus County, California, Oregon, Washington. Clean any equipment used with warm water. If signs continue, consult a veterinarian. Buyer assumes all risks of use and handling of this material when such use and handling are contrary to label instructions. For information, or in an emergency, call 1-800-248-7763.
FOR FLEAS:

- Spray the neck, middle and hind quarters, leaving the eyes, nose, and mouth exposed, while spraying against the natural lay of the hair.
- With a firm, fast stroke, spray head, ears, and chest.
- Cover animal's eyes with hand.
- With a light, even coverage of the hair coat will provide effective flea control. Do not allow animals, cats or kittens over 3 months for continuous home flea infestation prevention. If your pet becomes reinfested with adult fleas from outside sources, PETCOR® Flea Spray may be reapplied weekly. Do not allow animals, cats or kittens over 3 months to become chilled.

FOR TICKS:

- Fleas may then be removed from the coat by picking or combing. Puppies and kittens over 3 months may be treated the same as dogs and cats are described above. Repeat every 2 weeks for continuous home flea infestation prevention. If your pet becomes infested with lice, treat from outside sources, PETCOR® Flea Spray may be reapplied weekly. Do not allow animal to become chilled, do not use on puppies and kittens under 12 weeks of age.

HAZARDS TO ANIMALS — CAUTION:

- Harmful if swallowed, inhaled, or absorbed through the skin. Avoid contact with eyes, mouth, or clothing. May cause temporary or permanent sensitization (skin allergy).
- Keep out of reach of children.
- Do not contaminate water, food or feed by storage or disposal.
- Harmful if swallowed. Consult a veterinarian before using this product on animals on medication. Sensitivities may occur. Use only as indicated on the label. Buyer assumes all risks of use and handling of this material when such use and handling are contrary to label instructions. For information, or in an emergency, call 1-800-248-7763.
