*5 drops = 1/2 tsp (tasp); 1 tsp = 5 ml (milliliters)

MAINTENANCE: To maintain water clear and algae-free, add the proper Fountec® initial dosage under “Clear” for your fountain size. The addition of Fountec® “Weekly Dosage” makes for easier maintenance by keeping water clear and algae-free.

CLEANUP: For maximum effectiveness, water containing heavy algae growth should be cleaned of excess debris. Add and disperse proper Fountec dosage under “Visible Algae” directly to Superchlorination or shock treatments synergize with Fountec to improve the control of algae. In fountains, a non-chlorine shock is recommended – follow product label instructions. Operate circulation pump during algae clean-up period to ensure thorough distribution and maximum cleanup effect.

ACTIVE INGREDIENTS:
Poly(nonylphenyl)dimethyldistearylenealcohol (0.01%) – 30%
