KEEPS OUT OF REACH OF CHILDREN DANGER — PELIGRO

FIRST AID IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF IN SWALLOWED: Call a poison control center or doctor for treatment advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice.
IF INHALED: Remove patient from room and fresh air. If patient is not breathing, give artificial respiration. If breathing stops, give CPR as directed by a certified health care professional or other trained person using a face mask or a simple device, such as a paper bag.
IF ARRIVED: More than four hours after first symptoms, contact a health care professional immediately.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
Causes substantial but temporary eye injury. Wear protective eyewear such as goggles, face shield, or safety glasses. Avoid contact with eyes or on skin or clothing. Harmful if inhaled. May cause irritation to the nose, throat, and respiratory tract. Do not eat or drink while using this product. Wash thoroughly and change to clean clothing.

USER SAFETY RECOMMENDATIONS
USERS SHOULD: Wash hands before eating, smoking, chewing gum, using tobacco, or using the toilet. Remove clothing immediately if pesticide gets inside. When washing thoroughly and put on clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change to clean clothing.

ENVIRONMENTAL HAZARDS
Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsates.

APPLICATION INSTRUCTIONS
For all uses, uniform application is essential. The material becomes effective in the soil following rainfall or irrigation. (See applications rates below.) BareSpot® is ready to use! Apply with a hand-held or electric sprayer, such as a conventional cyclone type sprayer or a power sprayer for larger areas.

KINDS OF WEEDS APPLICATION RATES
ANNUAL
Weeds and grasses such as Sowthistle, Kudzu, Russian Thistle, Pigweed, Grasses, and Vines: 1.5 lbs./1,000 sq. ft.

PERENNIAL
Weeds and Grasses such as Johnson grass, Barnyard grass, Dallis grass, Quack grass, and Canada brome: 1.8 lbs./1,000 sq. ft.

MIXED
Annual and perennial weeds and grasses: 1.8 lbs./1,000 sq. ft.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal. Improper disposal of excess pesticide, spray mixtures or rinsates is a violation of Federal Law. These wastes cannot be disposed of by using land disposal, unless the land is used for agricultural purposes.

NOTICE: Because of the many varying conditions affected by pesticide use and application, such as weather, temperature, season, soil composition and type of vegetation, the manufacturer warns you that these and other conditions may limit or vary the results or effects of the use of this product. If, in any event, the complete elimination of weeds is not guaranteed. It is advisable to consult your State Extension Service or Agricultural Experiment Station Weed Specialist on specific problems. Neither manufacturer nor seller shall be liable in respect to this material or assumes any liability or responsibility for any consequences resulting from the use of the pesticide.
