SWIMMING POOL CLARIFIER: Made exclusively for use with the SYNeRGY® SYSTEM, this product replaces several products with one convenient premeasured product. This specially formulated product, a blend of an oxidizer, clarifiers and water enhancing buffers, helps keep your pool water sparkling clear. This product provides enhanced water clarity, improved swimmer comfort and offers the convenience of a Once-A-Week® application. Designed for use with all types of pool surfaces. SYNeRGY® Clear allows swimming as soon as 15 minutes after application. This product is not a sanitizer or algicide. To sanitize your pool or for removal of algae, use the appropriate Omni product specifically formulated for these purposes.

DO NOT mix this product directly with any other pool chemicals as violent reactions could occur. This product must be applied from the bottle directly into the pool water. DO NOT pre-dissolve this product.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in any manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

ROUTINE MAINTENANCE: Apply SYNeRGY® Clear weekly at a dosage rate of one-half pound per 10,000 gallons of pool water. Turn on the pump before adding this product and allow pool to circulate for 4 to 8 hours after application for best results. Broadcast the dosage of this product over the water surface at the deep end of the pool. To prevent possible damage to pool surface, use a pool brush to disperse any granules which may have settled to the bottom of the pool. Do not apply this product through a skimmer or any automatic dispensing device. Swimming may be resumed as soon as 15 minutes after application. Test chlorine residual. Swimming may resume when chlorine residual is 1 – 4 ppm.

OFF SEASON MAINTENANCE: Unheated pools which are kept circuling during the winter season require less frequent additions of this product. Apply product every three weeks following instructions and dosage for routine maintenance. IMPORTANT: Only a SYNeRGY SYSTEM dealer can test for all components and proper balance of a SYNeRGY SYSTEM. BE sure to have your water tested by a SYNeRGY SYSTEM dealer and add recommended products following label instructions on each product.

* TEST CHLORINE LEVEL PRIOR TO RE-ENTRY. RE-ENTRY INTO TREATED SWIMMING POOLS IS PROHIBITED ABOVE LEVELS OF 4 PPM CHLORINE DUE TO RISK OF BODILY INJURY.

STORAGE AND DISPOSAL: Keep this product dry in original tightly closed container when not in use. In a cool, dry, well-ventilated area away from heat and open flame. If product becomes damp, discard following instructions for contamination under Physical or Chemical Hazards. CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Staple rim container (or equivalent) promptly after emptying. MANUFACTURED FOR: ASEPSIS OMNI POOL PRODUCTS P.O. BOX 1788, SUWANEE, GA 30024-0973

DIRECTIONS FOR USE:

1. DANGER: Corrosive. Causes severe eye irritation. Do not breathe dust; may be harmful if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Causes skin irritation. Phenolophol up to frequently-repeated skin contact may cause allergic reactions in some individuals. Wear protective eyewear (safety glasses). Wash thoroughly with soap and water after handling product. Remove contaminated clothing and wash clothing before re-use.

2. FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

3. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

4. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice.

5. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

6. IF EXPOSED OR SUSPECTED EXPOSURE: Get medical advice and treatment if you feel unwell. Consult a doctor for treatment advice.

7. IF INHALED: Move exposed persons to fresh air. If breathing stops, call 911 (or the US number 1-800-222-1222) and get medical advice and treatment if you feel unwell.

8. IF UNAWARE: Call the nearest emergency number or the poison center for treatment advice.

9. IF SWALLOWED: Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

10. IN CASE OF MEDICAL EMERGENCY, CALL 1-877-180-5563.

Note to Physician: Probable mucosal damage may cause tear formation of the eyes and nose.

PHYSICAL OR CHEMICAL HAZARDS: CONTAINING OXIDIZING AGENTS. Do not mix with other chemicals or any other substance. DO NOT pre-dissolve or add water to this product. Always apply directly into the pool. Contamination of this product with small amounts of water or other substances may start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination or decomposition, do not reseal container. Pour contents in open air or well-ventilated area. Flood container and area with large volumes of water. In case of spills, sweep up and place product in pool water, then flood spills area with large volumes of water.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

Note: Buyer assumes all responsibility for safety and use not in accordance with directions.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
