Aqua Balance Maxibrom

17408

Net Weight: 25 lb/11.3 kg

Other Ingredients:
- 1-Bromo-3-chloro-5, 5-dimethylhydantoin: 86.4%
- Aqua Balance: 13.6%

KEEP OUT OF REACH OF CHILDREN

DIRECTIONS FOR USE

Stabilized Formula. Use at 1/4 oz. per 1000 gallons in pools and spas on a regular basis to maintain residual levels of 10-20 ppm available chlorine. Works well as a substitute for other oxidizing sanitizers.

DISINFECTING SPAS AND HOT TUBS

1. Before use, check for free bromine according to a suitable test kit and adjust for free bromine measurements. Proper sanitary practices require changing spa water at a minimum of every 30 days.
2. If necessary, add sodium bromide whenever the spa or hot tub is drained and refilled. The bromide reserve is needed to keep the system completely bromine based, to eliminate chlorinous odors and to assure maximum water comfort.
3. Add 1 oz. of this product per 1000 gallons of water to raise the concentration of available bromine. Due to the stabilization of this product, it is necessary to add the product directly to the water, and not into a mix tank. Never add this product in concentrated form to a mix tank or other application equipment. Use this product in accordance with the label instructions provided on the product container.

INCOMPATIBILITIES

This product is compatible with most common sanitizers and oxidizing agents. It is not compatible with bromide, chlorine, hypochlorites, and other oxidizing agents.

PHYSICAL AND CHEMICAL HAZARDS

This product is water soluble, non-filterable wastes can accumulate in spa or hot tub water and cause dull or cloudy water and can stimulate algal growth. Superoxidation or superchlorination with a suitable oxidizing shock treatment should be done on a regular basis to maintain clear spa or hot tub water.

ENVIRONMENTAL HAZARDS

Do not apply this product to lakes, rivers, streams, brooks, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into any water or surface waters, fresh water, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into any water or surface waters, fresh water, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into any water or surface waters, fresh water, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge.

INGESTION:

If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by a mouth to mouth method. If unconscious, give 100% oxygen by the mask or bag method. Do not give anything by mouth to an unconscious person.

IF IN EYES:

Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF INHALED:

Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by a mouth to mouth method. If unconscious, give 100% oxygen by the mask or bag method.

IF SWALLOWED:

Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

HAZARDOUS TO EYES

Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE:

Keep container tightly closed. Store in a dry place. Do not store at elevated temperatures. Keep out of reach of children.

CONTAMINATION WITH MOISTURE, ORGANIC MATTER, OR OTHER CHEMICALS MAY START A CHEMICAL REACTION WITH GENERATION OF HEAT, LIBERATION OF HARMFUL OR FATAL NOXIOUS GASES AND POSSIBLE GENERATION OF FIRE AND EXPLOSION. IN CASE OF CONTAMINATION OR DECOMPOSITION, DO NOT RESEAL CONTAINER. IF CONTAMINATION OCCURS, DO NOT CONSUME, DUMP OR DISCARD THIS PRODUCT. CALL 911 OR AN AMBULANCE AND NOTIFY LOCAL AUTHORITIES. BEFORE ATTEMPTING TO DISPOSE OF IT, CALL THE LOCAL E.P.A. OFFICE FOR RECOMMENDATIONS. E.P.A. EST. NO. 7124-OK-1 E.P.A. REG. NO. 66397-1-1677.

DANGERS TO ENVIRONMENT

Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are acutely hazardous and/or toxic.

CONTAINER DISPOSAL:

CONTAINERS CAN HAVE A HAZARDOUS KINETIC ENERGY THAT CAN CAUSE INJURY OR DEATH. USE APPROPRIATE MACHINERY TO HANDLE CONTAINERS. DUE TO THE NATURE OF THE MATERIALS CONTAINED INSIDE, CONTAINERS MAY CONTAIN HARMFUL OR FATAL IF SWALLOWED. HIGHLY CORROSIVE. DO NOT TAKE INTERNALLY. CAUSES EYE AND SKIN DAMAGE. DO NOT SPILL ON TO THE GROUND. DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL. IF ACCIDENTALLY SPILLED ON THE GROUND OR IN A BODY OF WATER, CALL YOUR STATE PESTICIDE OR ENVIRONMENTAL CONTROL AGENT OR THE HAZARDOUS WASTE REPRESENTATIVE AT THE NEAREST EPA REGIONAL OFFICE FOR GUIDANCE.

PRECAUTIONARY STATEMENTS

KEEP OUT OF REACH OF CHILDREN.

HEALTH HAZARDS:

This product may cause eye and skin irritation. Wash with soap and water. This product is harmful or fatal if swallowed. Do not take internally. Causes eye and skin damage. This product may cause respiratory irritation. If respiratory irritation occurs, move to fresh air. If no improvement, seek medical attention.

HYGIENIC HABITS:

Wash hands thoroughly after handling. In case of contact with eyes, rinse with water for 15 - 20 minutes. Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PRECAUTIONARY STATEMENTS:

KEEP OUT OF REACH OF CHILDREN.

DANGERS TO ENVIRONMENT:

Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are acutely hazardous and/or toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of federal law. If these wastes cannot be disposed of by incineration or other means consistent with this product's label instructions, contact your state pesticide or environmental control agent or the hazardous waste representative at the nearest EPA regional office for guidance.

INCOMPATIBILITIES:

This product is incompatible with bromide, chlorine, hypochlorites, and other oxidizing agents.

STORAGE:

Do not mix this product in concentrated form with any other chemicals. Do not add other chemicals to the feeding equipment, if necessary, add sodium bromide whenever the spa or hot tub is drained and refilled. The bromide reserve is needed to keep the system completely bromine based, to eliminate chlorinous odors and to assure maximum water comfort.

CONTAMINATION WITH MOISTURE, ORGANIC MATTER, OR OTHER CHEMICALS MAY START A CHEMICAL REACTION WITH GENERATION OF HEAT, LIBERATION OF HARMFUL OR FATAL NOXIOUS GASES AND POSSIBLE GENERATION OF FIRE AND EXPLOSION. IN CASE OF CONTAMINATION OR DECOMPOSITION, DO NOT RESEAL CONTAINER. IF CONTAMINATION OCCURS, DO NOT CONSUME, DUMP OR DISCARD THIS PRODUCT. CALL 911 OR AN AMBULANCE AND NOTIFY LOCAL AUTHORITIES. BEFORE ATTEMPTING TO DISPOSE OF IT, CALL THE LOCAL E.P.A. OFFICE FOR RECOMMENDATIONS. E.P.A. EST. NO. 7124-OK-1 E.P.A. REG. NO. 66397-1-1677.

DANGERS TO ENVIRONMENT:

Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are acutely hazardous and/or toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of federal law. If these wastes cannot be disposed of by incineration or other means consistent with this product's label instructions, contact your state pesticide or environmental control agent or the hazardous waste representative at the nearest EPA regional office for guidance.
