Inert Ingredients:
Sodium hydroxide, water - 48.0%

Total 100.0%

EPA Reg. No. 6856-271 EPA Est. No. 6856-PA-01

ENVIRONMENTAL HAZARDS
Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without first notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

DOT Information:
NON-HAZARDOUS, NOT REGULATED

FIRST AID
Call a Poison Control Center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water.

IF INHALED: Move person to fresh air. If not breathing, call 911 or an ambulance. If giving artificial respiration, preferably mouth-to-mouth; if possible.

Have the product container or label with you when calling a Poison Control Center or doctor. In emergency or for additional information call 800-424-9300.

SAVE THIS CARTON AND PRODUCT CONTENTS FOR FUTURE REFERENCE AND IF ADDITIONAL INFORMATION IS NEEDED.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal. Pesticide Storage: Open container is prohibited. Store in original container in areas inaccessible to children. Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinse water is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Container Disposal: Do not re-use or refill this container. Clean container promptly after each use, (Plastic and Metal Containers): Rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tie container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinse into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in sanitary landfill. For metal containers only: DO NOT cut or weld metal. Bag in Box Containers: Completely empty bag into application equipment. Then offer for recycling if available or dispose in a sanitary landfill, or by incineration, or by other procedures allowed by state and local authorities.

KEEP OUT OF REACH OF CHILDREN
CAUTION

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DANTOGARD PLUS LIQUID preserves and aids in the control of bacteria and fungi in liquid detergents, fabric softeners, household cleaning products, soft soaps, water-based paints for household and industrial use, room deodorizers and air fresheners, water-based surfactants, polymer emulsions, protective or decorative coatings, water-based gels for household and industrial uses, textiles, water-based adhesives, sealants and caulks, latex for paper coatings, and water-based inks.

This product is not cleared by the Federal Food, Drug and Cosmetic Act for use on food-contact paper and adhesives.

DANTOGARD PLUS LIQUID should be added to the formulation to be preserved at a rate of 2.0 to 20.0 lbs. per 1000 lbs. or 0.2 to 2.0% or 2.0 to 20,000 ppm based upon the total weight of the product to be protected.
