STORAGE AND DISPOSAL
DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

PESTICIDE STORAGE — Store in a dry place lower in temperature than 50°F or higher than 120°F. Store in an area inaccessible to children.

CONTAINER DISPOSAL — Nonrefillable container. Do not reuse or refill this container. Offer for recycling. If available, Triple rinse container promptly after applying. Triple rinse as follows. Fill container with water and recap. Agitate vigorously. Follow Pesticide Disposal Instructions for rinse water disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

PACKET DISPOSAL — Do not reuse packet. Discard packet in trash.

PESTICIDE DISPOSAL — Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinse is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER
KEEP OUT OF REACH OF CHILDREN. CORROSIVE. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin or on clothing. DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

DIRCTIONS FOR USE

This product is a phosphate-free formulation designed to provide effective cleaning, deodorizing, and disinfection specifically for hospitals, nursing homes and other institutions where housekeeping or janitorial staffs are responsible for maintaining high standards of cleanliness.

This product, when used as directed, is formulated to disinfect inanimate, hard, non-porous surfaces such as walls, floors, sinks, countertops, tables, and chairs, for larger areas such as operating rooms, patient care facilities, and institutions, this product is designed to be provide tight debridal cleaning and disinfection.

PACKETS — Follow label dilution instructions. Discard packet directly into waste. Do not remove packets before use. Store in cool dry place. Do not handle packets with wet hands.

DISINFECTION — To disinfect inanimate, hard, non-porous surfaces and area pre-measured packet of product at the following dilution rate: 1/2 cup per 1 gallon of water. Stir gently to form a uniform solution. Apply solution with a mop, cloth or hand pump trigger sprayer so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes and then let air dry. For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use. A cleaning disinfecting solution for disinfectant activity against the organisms: Parainfluenza 1, 2, Parainfluenza Type 1, 2, Parainfluenza Type 3, Influenza A and B, Middle East Respiratory Syndrome Coronavirus, Respiratory Syncytial Virus, Adenovirus, Herpes Simplex Virus, HIV-1, Hepatitis A Virus (HAV), Hepatitis B Virus (HBV), Hepatitis C Virus (HCV), Yellow Fever Virus, West Nile Virus, Dengue Virus, Ebola Virus, Marburg Virus, Ross River Virus, Crimean-Congo Hemorrhagic Fever Virus, Dengue Encephalitis Virus, Dengue Hemorrhagic Fever Virus, Kyasanur Forest Disease Virus, Japanese Encephalitis Virus, Lassa Fever, Rift Valley Fever, Zika Virus, Lassa Fever, Rift Valley Fever, Zika Virus.

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1, HAV and HCV ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, or disposable latex gloves, gowns, masks, eye coverings, cleaning/processing, Bacterial, and/or body fluids. Disinfecting solution thoroughly cleans the disinfectant and air dry. Store in clean, cool, dry environment. Do not use for cleaning of contaminated environments.

EFFECTIVE TESTS HAVE DEMONSTRATED THAT EASYPAKS® DISINFECTANT IS AN EFFECTIVE BACTERICIDE AND FUNGICIDE IN THE PRESENCE OF ORGANIC SOIL (5% BLOOD SERUM).

KILLS: F1, F2, F3 and F4 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH 20U/OD BODY FLUIDS IN HEALTH CARE SETTINGS. Bacterial, Viral and/or bloods in setting that are important to level of visibility of human immunodeficiency virus with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) and associated with HBV.

PRECAUTIONS TO AVOID DANGEROUS CONDITIONS: Use of this product on a high touch points, high traffic areas contamination. When handling items soiled with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) and associated with HCV.

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.
DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

**PESTICIDE STORAGE** — Store in a dry place in a lower temperature than 50°F or higher than 120°F. Store in an area inaccessible to children.

**CONTAINER DISPOSAL** — Nonrefillable container. Do not reseal or refill this container. Offer for recycling, if available. Triple rinse container promptly after emptying. Triple rinse as follows: Fill container ¼ full with water, stopper, and agitate vigorously for 1 minute. Repeat procedure two more times. Then offer for reconditioning. If not available, puncture and dispose in a sanitary landfill.

**PACKET DISPOSAL** — Do not reuse packet. Discard packet in trash. **PESTICIDE DISPOSAL** — If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**KEEP OUT OF REACH OF CHILDREN. CORROSIVE.** Causes irreversible eye damage and skin burns. Do not perform gastric lavage. **Hazardous Waste** representative at the nearest EPA Regional Office for guidance. **References Only**

**DIRECTIONS FOR USE**

This product is a phosphate-free formulation designed to provide effective cleaning, odor control, and disinfection specifically for hospitals, nursing homes and other institutions where housekeeping, or General maintenance is controlling the hazard of nosocomial contamination.

**INERT INGREDIENTS**

- Alkyl (68% C12, 32% C14) ammonium chlorides
- Dimethyl ethylbenzyl ammonium chlorides
- Dimethyl benzyl ammonium chlorides
- Alkyl (60% C14, 30% C16, 5% C12, 5% C18) ammonium chlorides
- I
- I

**ACTIVE INGREDIENTS**

- Detergent
- Fungicide (against pathogenic fungi)
- Detergent

**TOTAL NET CONTENTS:** 2.81 lbs. (1.28 kg)

**KEEP OUT OF REACH OF CHILDREN**

**FIRST AID**

In case of contact:

- Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Stop rinsing, but leave on skin.
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Have the product container or label with you when calling a poison control center or doctor.

In case of inhalation:

- Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor immediately for further treatment advice.

In case of overdose:

- Call a poison control center or doctor for treatment advice. "Use CMYK equivalents only where necessary"
