**In Case of Emergency, Call A Poison Control Center or Doctor for Treatment Advice. 1-800-851-7145**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**Precautionary Statements**

**DANGER: CORROSIVE. Causes irreversible eye damage or skin burns. Do not get in eyes, on skin, or on clothing. Harmful if swallowed, absorbed through skin or inhaled. Avoid breathing vapors. Wear chemical splash-proof goggles, protective clothing and chemical resistant gloves. Wash thoroughly with soap and water after handling. Remove and wash clothing before reuse.**

**Chemical Hazards:** NEVER USE WITH CHLORINE PRODUCTS...these can react to give chlorine gas. If this occurs, flush toilet or urinal to remove chemicals and leave area. Do not return for half hour...Ventilate if possible.

**Disposal of Infectious Materials:** Blood and other body fluids should be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

**Storage and Disposal:**
Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Disposal:** Pesticide wastes are acute hazardous. Improper disposal of excess pesticide, spray mixture, or residue is a violation of Federal Law. These wastes cannot be disposed of by use according to label instructions, contact your State Pesticide Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Nonrefillable container. Do not reuse or refill this container. Wrap empty container and put in trash.

**Cleaning Procedures:**

1. Open child resistant cap. Use fingernail or coin to pull back and push down near-mist edge of cap. Push spout down after use.
2. This product when used as directed quickly eliminates rust, lime & uric acid deposits and keeps toilet bowls & urinals sparkling clean and odor free. Recommended for use in the restroom facilities of commercial and industrial buildings, schools, hospitals, nursing homes, manufacturing plants, restaurants, food service establishments, office buildings, hotels and motels. Will not harm the bacterial action of septic tanks.
3. When used as directed, this product is highly effective against a broad-spectrum of pathogenic microorganisms. Using approved AOAC test methods (under Good Laboratory Practices), in the presence of 10% strimmer load and 1 minute contact time this product kills the following: Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella choleraesuis, Enterococcus faecalis, Escherichia coli (O157:H7), Vancomycin resistant Enterococcus faecium (VRE), Methicillin & Gentamicin resistant Staphylococcus aureus (MRSA & GRS), Intermediate Vancomycin resistant Staphylococcus aureus (ISVRA), Pencillin resistant Streptococcus pneumoniae (PRSP), HIV-1 (AIDS virus), Hepatitis A Virus, Herpes Simplex Type 1 & 2, Herpes Simplex Type 2.

**Directions for Use:**

- It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
- To clean and disinfect toilet bowls & urinals:
  1. Remove water from toilet by flushing with toilet brush or paper towels. (Squeeze for about 3 seconds.)
  2. Scrub entire area especially under rim water outlets.
  3. Wait 1 minute, then flush.

- To clean and disinfect toilet bowls:
  1. Remove water from bowl by flushing with toilet brush or paper towels. (Squeeze for about 3 seconds.)
  2. Place 1 oz. of product onto applicator. (Squeeze for about 3 seconds.)
  3. Clean entire area especially under the rim at water outlets. Wait 1 minute, then flush.
  4. Scour and rinse in clogged or reluctant toilets.

- Urinals:
  1. Apply product directly to urinal surfaces including water outlet areas. (Squeeze for about 3 seconds.)
  2. Pour 1 oz. of product onto applicator. (Squeeze for about 3 seconds.)
  3. Clean entire area especially under the rim at water outlet. (Squeeze for about 3 seconds.)
  4. Remove screen trap to deodorize drain and apply 1 ounce directly on edge and into drain. (Squeeze for about 3 seconds.)
  5. Wait 1 minute, then flush and rinse applicator.

- To remove stubborn stains or scale:
  1. For hard water stains such as mineral, rust, uric acid or lime stains, apply product directly to stained areas and let it remain at least 15 minutes, singly then flush. Repeat if necessary.
