Directions for use:

This product will kill Ants, Cockroaches, Crickets, Fleas, Flies, Mosquitoes, Rice Weevils, Saw-Toothed Grain Beetles, Small Flying Moths, and Ticks.

Cover exposed food, dishes and food-handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point discharge, press the valve button all the way down, hooking the catch. Then place fogger in an area less than 100 cubic feet.

Do not use more than one fogger per room. Do NOT use in small, enclosed spaces such as closets, cabinets, or under counters or tables. Do NOT use in a room 5 feet by 5 feet or smaller; instead, allow fog to enter from other rooms. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames, or running electrical appliances that cycle on and off (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Do NOT use this unit in an area less than 100 cubic feet. Shake well before use. Keep container upright.

Environmental hazards:
Do not apply to waters where there is no drainage. Physical or chemical hazards:
Highly Flammable ingredient

Inhalation:
If inhaled:
· Move person to fresh air.
· If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
· Call a poison control center or doctor for further treatment advice.

If on skin or clothing:
· Take off contaminated clothing.
· Rinse skin immediately with plenty of water for 15-20 minutes.
· Call a poison control center or doctor for treatment advice.

If in eyes:
· Hold eye open and rinse gently and with water for 15-20 minutes.
· Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
· Call a poison control center or doctor for treatment advice.

If swallowed:
· Call a poison control center or doctor immediately for treatment advice.
· Have person sip a glass of water if able to swallow.
· Do not induce vomiting unless told to do so by the poison control center or doctor.
· Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Caution:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do NOT use more than one fogger per room. Do NOT use in small, enclosed spaces such as closets, cabinets, or under counters or tables. Do NOT use in a room 5 feet by 5 feet. Instead, allow fog to enter from other rooms. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames, or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Do NOT use this unit in an area less than 100 cubic feet.

Shake well before use.
Keep container upright.

Keep out of reach of children.

This product will kill Ants, Cockroaches, Crickets, Fleas, Flies, Mosquitoes, Rice Weevils, Saw-Toothed Grain Beetles, Small Flying Moths and Ticks.

Cover exposed food, dishes and food-handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point discharge, press the valve button all the way down, hooking the catch. Then place fogger in an area less than 100 cubic feet.

Do not puncture or incinerate container. Exposure to heat or fire may result in explosive decomposition. It may cause a fire or explosion if not used properly. Follow the “Directions For Use” on this label very carefully.

WARNING:
Do not contaminate water when disposing of equipment washwaters.
