FleaTrol™
Carpet & Upholstery Aerosol Spray with PRECOR® Insect Growth Regulator (IGR)
READ ENTIRE LABEL BEFORE USE.
DIRECTIONS FOR USE:
It is a violation of Federal Law to use this product in a manner inconsistent with the labeling.
USE RESTRICTIONS:
INDOORS:
Do not use as a surface spray. Do not allow adults, children, or pets to enter until sprays have dried. For use as a space spray: Do not allow adults, children or pets to enter until vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Remove pets and birds and cover and Tanks aquariums before spraying. Do not wet articles to the point of runoff or drip. Do not use treated article until spray has dried.

In the home, cover all food processing surfaces and utensils during treatment or thoroughly wash before use. Cover or remove exposed food.

Application is prohibited directly into sewers or drains, or to any area where drainage to sewers, storm drain, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Not for broadcast use on carpets, floors, floor coverings or similar sites. Only for use as crack and crevice or spot treatments on these sites.

SHAKE WELL BEFORE USING

USE INFORMATION: This product is not for use on humans. A single can (16 oz.) treats 2,000 square feet. Remove protective cap, hold container upside down and spray from a distance of 2 -3 feet.

FOR USE IN THE HOME
Flea (Adults and Larvae) and Ticks (Adults):

For best results, pay special attention to areas your pets frequent. Avoid thoroughly wetting the area that needs treating. To kill adult fleas, flea larvae and adult ticks in your home, hold container upside down 2-3 feet from surface, point actuator towards the surface and push button.

For Surface / Carpet Spray: Vacuum thoroughly before spraying. Make a test application to upholstery or drapery fabrics in an inconspicuous place before use. Apply as a spot treatment only to rugs, carpets, drapes and surfaces of upholstered furniture.

For Use in Pet Areas:
Pay special attention to areas where pets frequent, such as in and around sleeping and resting areas. Treat pet bedding and other pet resting areas as these are primary hiding areas for fleas/ticks. For best results, treat pets before they return to the treated areas.
