APPLIED RECOMMENDATIONS

**Agricultural Use Requirements**

- **Uses**:
  - Range Star™ is specifically formulated for use with salt blocks in the field and has been designed for use with cattle, bison, and sheep.
  - Use on hay or other feed for hay related to pasturing. The new mineral content of the product provides for the production of livestock that is better fed and more efficient.

- **Dosages**:
  - Range Star™ is used in the field and can be applied directly to the soil or broadcasted on the pasture. The dosage rate is based on the amount of livestock on the pasture and the time of year.

- **Safeguards**:
  - Range Star™ is safe for use around people and pets. However, it is recommended to avoid contact with the eyes and mouth while handling the product. Wash hands thoroughly after use.

- **Storage**:
  - Store Range Star™ in a cool, dry place and away from direct sunlight. Keep the product out of reach of children and pets. Do not store near flammable materials.

- **Disposal**:
  - Do not dispose of Range Star™ in the regular trash. Follow all local regulations for disposal of unused or discarded material.

- **Warranty**:
  - Range Star™ is guaranteed to perform as advertised. If you have any issues, please contact us for a refund or replacement.
