KEEP OUT OF REACH OF CHILDREN
DANGER

See label for additional precautionary statements.

FIRST AID: IF IN EYES: Wash out eyes and rinse slowly and gently with water for 15 to 20
minutes. Remove contact lenses, if present, after the first 5 minutes. Symptomatic relief
for eye irritation may be obtained by using a gentle eye ointment or a sterile,
non-oily ophthalmic solution. If irritation persists, consult a physician. If inhaled:
Remove victim to fresh air. If breathing is difficult, give oxygen. Call a physician if
symptoms persist. If swallowed: If symptoms are mild, give plenty of water while
keeping the person warm and quiet. If symptoms are severe, call a physician.

PRUNE TO AVOID DANGERS. IF IN DRESSER OR ON PERSON, DO NOT
Pour water on it. If on skin or hair, remove all contaminated clothing before washing. If
water is on skin, wash with soap and water. If on clothing, pull clothing over fingers
and wash separately. If on hair, wash with soap and water. If in eyes, hold eyelids open
and flush with large amounts of water for at least 15 minutes. If on skin, wash skin
thoroughly with soap and water. Avoid breathing dust or fumes. Wash thoroughly with
suds and water after handling. Remove contaminated clothing and wash clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS: STRONG OXIDIZING AGENT: Do not mix
with other chemicals. May only be used with water. Never add to water alone. Always
add product to large quantities of water. When using automatic feeding devices, always
follow manufacturer’s directions as to the proper addition of this product to brominators.
Always use dry utensils. Do not add this product to any dispensing device containing
reagents of any other product. Such use may cause a violent reaction leading to fire or
explosion. Contamination with organic matter or other chemicals will start a chemical
reaction and generate heat, hazardous gas, possible fire and explosion. In case of
contamination or decomposition, do not reuse container. If possible, store container in
open air or well ventilated area. Avoid area with large volumes of water.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic
organisms.

NOTE: Buyer assumes all responsibility for safety and use not in accordance
with directions.

Each tablet weighs approximately 20 grams.

To avoid delays, please approve this proof by end of day Tuesday, January 15.
