MULTI-PURPOSE INSECT & LICE KILLER

**INSECT & LICE** *(butylcarbityl)(6-propylpiperonyl) ether and related compounds.

**Permethrin**

**Pyrethrins**

OTHER INGREDIENTS: 

- Water-based formula
- Protects for up to 12 weeks to mattress seams, edges, and tufts
- Nonstaining • No unpleasant odor
- Kills lice and their eggs
- For use on bedding (spot treatment)
- Kills on contact
- seeks out bugs where they hide
- Water-based formula
- For use on bedding (spot treatment)
- Protects for up to 12 weeks against ants, cockroaches and housethails

**HAMS TO HUMANS AND DOMESTIC ANIMALS**

HAZARDS TO HUMANS: Harmful if inhaled. Avoid breathing vapor or spray mist. Avoid contact with skin or clothing. Wash hands thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS: For use on dogs and puppies (over 12 weeks of age). DO NOT USE ON PUPPIES LESS THAN TWELVE (12) WEEKS OLD. Consult a veterinarian before using this product on medicated, debilitated, aged, pregnant or nursing animals. Sensitivities may occur after using ANY pesticide products for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

DO NOT USE ON CATS. May be toxic or potentially fatal if applied to or ingested by cats. Accidental application to cats and/or grooming a recently treated dog may result in tremors and/or uncoordinated muscle movements. If this occurs, immediate veterinary care should be provided.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers must wear the following: Long-sleeved shirt and long pants, shoes plus socks, and chemical-resistant gloves made of any waterproof material.

USER SAFETY REQUIREMENTS: Follow manufacturer’s instructions for cleaning/maintaining PPE. If such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS: Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies, or pesticide exposures), you may call 1-800-255-3924, twenty-four (24) hours per day, seven (7) days per week.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product may contaminate water through runoff. This product has a potential for runoff for several weeks after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains product.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture, or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.

MULTI-PURPOSE INSECT & LICE KILLER

Insecticida Multi-Usos y Mata Pijos

- Nonstaining • No unpleasant odor
- Water-based formula

**ACTIVE INGREDIENTS**: 

- Permethrin: 3.65% 
- Pyrethrins: 0.40% 
- Pesticides: 96.40%

**OTHER INGREDIENTS**: 

- Total: 100.00%

**NET WT/PESO NETO 10 oz (283 g)**

KEEP OUT OF REACH OF CHILDREN • MANTÉNGASE FUERA DEL ALCANCE DE LOS NIÑOS • CAUTION • PRECAUCIÓN

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

This product is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product may contaminate water through runoff. This product has a potential for runoff for several weeks after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains product.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture, or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

Do not contaminate food or feedstuffs.

Net for broadcast use on indoor residential surfaces.

Not for use in indoor or outdoor residential misting systems.

DO NOT USE THIS PRODUCT ON PUPPIES LESS THAN TWELVE (12) WEEKS OLD.

DO NOT USE THIS PRODUCT ON CATS OR RITTIENS.

Do not use in aircraft cabins.

Do not apply this product to classrooms when in use.

Do not apply this product to rooms/areas in hospitals and nursing homes while occupied by patients, the elderly or infirm.

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

For space spray use: Except when applying directly to dogs and/or puppies (over 12 weeks old), do not enter or allow others to enter treated areas until sprays have dried.

For space spray or fog use: Do not enter or allow others to enter until vapors, mists and aerosols have dispersed, and the treated area has been thoroughly ventilated.

Except when applying directly to dogs and/or puppies (over 12 weeks old), do not apply this product in a way that will contact workers or other persons, directly or through drift.

Except when applying directly to dogs and/or puppies (over 12 weeks old), only protected handlers may be in the treated area during application.

Do not remain in the treated area. Exit area immediately and remain outside the treated area until vapors, mists and aerosols have dispersed, and the treated area has been thoroughly ventilated.

Do not wet articles to the point of runoff or drip. Do not use treated article until spray has dried. Clean dry treated clothes before wearing.

Do not make applications during rain.

Do not water the treated area to the point of runoff. Do not water plants to the point of runoff or drip.

Do not apply when food is present. Do not use in food areas of food-handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas where food is exposed or is likely to come in contact with food. Serving areas are areas where food is served, such as dining rooms, but excluding areas where foods may be prepared or held.

In the home, all food-processing surfaces and utensils should be covered during treatment. Thoroughly wash before use. Exposed food and drinking water should be covered or removed.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

Remove pets, birds, and cover fish aquariums before spraying.

INSECTICIDES, FUMIGANTS, AND PESTICIDES

Food and Non-Food Areas: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

Do not contaminate water, food, or feed by the use, storage or disposal of this product. Store in a cool, dry, preferably locked area that is inaccessible to children and animals.

PESTICIDE STORAGE: Do not store near heat or open flame. Do not contaminate water, food or feed by the use, storage or disposal of this product. Store in a cool, dry, preferably locked area that is inaccessible to children and animals.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of in the natural environment, in an approved waste disposal facility, or in a sanitary landfill. If empty, Place in trash or offer for recycling if available.

If partially filled: Call your local solid waste agency for disposal instructions.

SHAKE WELL BEFORE USING

Hold container upright and spray from a distance of 12 to 15 inches.

INDOORS

CLUSTER FLEAS, HOUSEFLEAS, FRUIT FLEAS, MOSQUITOES, GNATS, WASPS, HORNETS, BEES, BLACKFLIES, SKIPPER FLEAS, BLOWFLIES AND SMALL FLYING MOTHS: Close all doors and windows and direct spray upward into center of room with a slow, sweeping motion. Spray 5 to 10 seconds for average room, moving toward the door. Direct spray to all parts of the room, especially windows and other light sources which attract these insects. Keep nozzle in constant motion. Leave room and keep area closed for 15 minutes after spraying. Thoroughly ventilate room before reentry. Sweep-up and discard fallen insects.

COCKROACHES, WATER BUGS, PALMETTO BUGS, SILVERFISH, FIREBATS, CRICKETS, SCORPIONS, SPIDERS, MILLipedes, CENTIPEDES, SOM BUGS AND PILL BUGS: Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, and into hiding places with spray. See that interior framework is treated. Apply as a surface application to carpeting, drapes and flooring. Allow all treated areas to dry thoroughly before reentry.

CARPET BEETLES: Spray directly on floors, fabrics, baseboards, shelves, and carpets.

BEDBUGS: Thoroughly inspect area of suspected bed bug infestation, and note potential harborage sites or actual infestations. Remove and/or pick up clothing and other obstacles that may prevent thorough inspection or treatment. Remove and sanitize infested bedding (pillows and linens), clothing, or other items.

Apply on mattresses as a spot treatment to mattress seams, edges, and tufts of bed. Do not use directly on mattresses, pillows, bed linens or clothes. Do not saturate the mattress, and do not treat entire surface area of mattress. Allow mattress to dry thoroughly before replacing pillows and/or bed linens.

Bed bugs may also harbor in areas of the room away from the bed. Apply as a crack-and-crevice or spot application where evidence of bed bugs occurs. This includes bed frames, box springs, inside empty drawers and clothes closets, night stands and other furniture in the room, carpet edges, high and low wall moldings (such as floor molding or window casings), wall voids, behind wall hangings and mirrors, wallpaper edges and popcorn ceilings. Remove all clothes and outer articles from dressers or closets before application. Take bed apart. Treat joints and channels if hollow, such as square or round tubing, and see that interior framework is treated. Apply as a surface application to carpeting, draperies and flooring. Allow all treated areas to dry thoroughly before use. This product is not recommended for use as sole protection against bed bugs. If evidence of bed bugs is found on or in mattresses, use products approved for this use.

BEDBUGS (ADULTS AND LARVAE): Thoroughly spray entire area to be treated. Hold spray nozzle upright and apply products approved for this use. Supplied insecticides and fumigants may be used. Ventilate room before reentry. Insecticides and fumigants may be used. Ventilate room before reentry.

OUTDOORS: When used as a residential general outdoor surface spray, all outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

(1) Treatment to soil or vegetation around structures.

(2) Applications to building foundations, up to a maximum height of 3 feet. Other than applications to building foundations, all outdoor applications to impervious surfaces, such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications only. Do not use edible crops and do not make applications during rain.

Point spray nozzle away from face. Hold can on slight downward angle. For best results, spray when air is calm. Allow a few minutes for product to take effect. Spray with wind if breeze is blowing.

FLYING INSECTS: FLEAS, MOSQUITOES, GNATS, SMALL FLYING MOTHS, HORNETS AND YELLOW JACKETS: Allow fog to drift over area. Direct spray toward bushes or grass from at least 6 to 10 feet away. Give special attention to breeding areas such as garbage cans and compost piles.

MUD DAUBERS AND WASP NESTS: Spray mist directly on insects and their nests from approximately 2 feet away. Contacted insects will fly away from fog. Apply only when the fog is in late evening when insects are at rest. Spray into hiding and breeding places, contacting as many insects as possible.

CRAWLING INSECTS: INSECTICIDES, INCLUDING ASIAN COCKROACHES, CRICKETS, MOLLY CRICKETS, CENTIPEDES AND SILVERFISH: Hold can two (2) to three (3) feet from surface to be treated and spray infested surface of patio or picnic area, haying as many insects as possible. Spray to slightly moisten the surface. Also spray legs of tables and chairs to repel ants. Spray ant hills for best control.

THE USE OF THIS PRODUCT ASSUMES ALL RISKS OF USE, STORAGE AND HANDLING NOT IN ACCORDANCE WITH ITS DIRECTIONS AND CAUTIONS.

IMMEDIATE: Si usted no sabe cómo usar este producto, pida ayuda de su supervisor.
