FIRST AID
IF INHALED: Move person to fresh air if person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.
IF IN EYES: Hold eye open and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
FOR EMERGENCY MEDICAL INFORMATION, CALL 1-800-328-0026.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
For more information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-328-0026 or the National Pesticide Information Center at 1-800-858-7378.
Note to Physician: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION
Harmful if swallowed. Avoid contact with skin and eyes. Avoid inhalation of spray mist. Avoid contamination of feed and foodstuff. When using this product as a space spray in food processing establishments, foods must be removed or covered during treatment. Apply only when the facility is not in operation. At home and in food processing establishments, cover or remove food prior to treatment. Cover food contact surfaces, benches, utensils, equipment, etc. during treatment or thoroughly clean prior to use with an effective cleaning compound followed by a potable water rinse.
In hospitals or other medical facilities, remove patients prior to treatment. Ventilate treated area for two hours prior to returning patients.
Do not remain in treated areas and ventilate after treatment is completed. Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL AND CHEMICAL HAZARDS
Extremely flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause burning. Do not use this product in or around electrical equipment due to possibility of shock hazard.
ENVIRONMENTAL HAZARDS
This product is toxic to fish, birds, and other wildlife. Keep out of lakes, ponds, or streams. Do not contaminate water when disposing of equipment washwater. Apply this product only as specified on this label.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Remove protective cap. Aim spray opening away from person. Push button to spray.
BEDROOM OPERATIONS: In bars, close all windows and doors. Spray at the rate of 1 to 2 seconds per 1,000 cubic feet. Keep area closed for at least 15 minutes following application. Animal use, thoroughly spray entire animal as it is being released to pasture. Do not spray directly towards animal’s face or eyes. Repeat application daily as necessary.
POULD OPERATIONS: For poultry houses, close all windows and doors. Spray at the rate of 1 to 2 seconds per 1,000 cubic feet. Keep area closed for 15 minutes following application. Treat daily or as necessary.

HOME AND FOOD PROCESSING AREA USE: For flies, mosquitoes, small flying moths (millers), and gnats: Close all doors and windows. Point nozzle upward and direct the spray mist to all parts of the room, especially windows and other light sources which attract these insects. Fill the room with mist and then leave the treated areas. Keep the room closed for at least 15 minutes. Thoroughly ventilate the room when treatment is completed.

Roaches, Waterbugs, Sawbugs, Spiders and Centipedes: Spray thoroughly into the following hiding places: cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards and storage areas. Spray directly on insects where possible. Repeat as necessary. Ants: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary. To kill Bedbugs: Apply as a spot treatment to cracks and crevices, around baseboards, floorboards, headboards and floors around sleeping area. Spray mattresses and box springs until slightly damp, around tufts, folds and seams. Allow treated surfaces to thoroughly dry before use. Repeat as necessary, but no more than once per day.
STORED PRODUCT INSECTS (accessible stages): Flying Mediterranean fruit moths, Indian meal (chocolate) moths, angoumois grain moths: Close doors and windows. Direct aerosol mist to all parts of the room, especially into dark enclosures and around stored product containers where adult moths may be resting. Use a minimum treatment of six to eight seconds per 1,000 cubic feet of space. Keep area closed for 30 minutes for each treatment. Repeat treatments weekly or as flying moths appear. Insected stored food products should be fumigated or treated with an approved product.
Dairy Farm Use: Milking parlor and milk room. Close all doors and windows. Spray at a rate of 1 to 2 seconds per 1,000 cubic feet. If rooms cannot be closed, double the dosage. Stand in middle of room. Direct spray in all directions. Keep room closed for 15 minutes after treatment. Do not remain in treated area. Ventilate the area after treatment is completed. Cover milking utensils and milk to prevent contamination from spray and dead or falling insects.
Dairy Animal Use: From approximately 2 foot distance thoroughly spray entire animal as it is being released to pasture. Do not spray directly toward animal’s eyes. Spot treat withers, shoulders and back where saliva accumulates from head tossing. Stanchion Barn Use: Walk behind animals and direct spray over backs allowing 1 second per animal. For most effective results, apply each morning.

HOG OPERATIONS: In hog houses, close all windows and doors. Spray at a rate of 1 to 2 seconds per 1,000 cubic feet. Keep area closed for 15 minutes following application. For animal application direct spray over back and spray for 1 to 2 seconds per hog. Do not spray directly towards animal’s face or eyes. Repeat application daily or as necessary.
Horse Barns and Stables: In horse and pony barns close all windows and doors. Spray at a rate of 1 to 2 seconds per 1,000 cubic feet. Keep area closed for 15 minutes following application. Lightly mist over backs of horses and ponies from a distance of at least 2 feet. Do not spray directly towards horse’s face or eyes. Repeat application daily or as necessary.
Note: It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Ecolab Inc. In no case shall Ecolab Inc. be liable for consequential, special or indirect damages resulting from the use of this product. All such risks shall be assumed by the buyer.
Except as expressly provided herein, Ecolab Inc. makes no warranties, guarantees, or representations of any kind, either expressed or implied, or by usage of trade, statute or otherwise, with regard to the product sold, including, but not limited to, merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage. Buyer’s or user’s exclusive remedy and Ecolab Inc.’s total liability shall be for damages not exceeding the cost of the product.

STORAGE & DISPOSAL
Do not contaminate water, food or feed by storage and disposal. STORAGEno-in Storage: Store in a cool, dry place away from children, preferably a place where adult moths may be resting. Do not use this product in or around electrical equipment due to possibility of shock hazard.

CONTAINER DISPOSAL: Do not puncture or incinerate. If empty: Place in trash or offer for recycling if available. If partly filled: Call you local solid waste agency or 1-800-CLEANUP for disposal instructions.
