VIRUCIDE & DEODORIZER FOR HARD, NON-POROUS SURFACES

**ACTIVE INGREDIENTS**

- Hypochlorite (Orange 2)
- Phenol

**OTHER INGREDIENTS**

- Alcohols
- Ammonium
- Sodium Hypochlorite

**EPA REGISTRATION**

- EPA Reg. No. 69268-2
- EPA Est. No. 69268-IL-001

**MANUAL & DISPENSER DILUTIONS**

- **Concentrate 117 Manual & Dispenser Dilution**: (10 parts to 118 parts) of cold tap water. For use in hard, non-porous surfaces. Use at a concentration of 10 oz per gallon (10 parts per 118 parts) of water. For HBV, use concentration of 10 oz per gallon (10 parts per 118 parts) of water.

**DIRECTIONS FOR USE**

**TO CLEAN SURFACES:**

- Add 10 oz of H2Orange2 Concentrate to 1 gal of cold tap water.
- Mix, then apply to pre-cleaned surfaces.
- Let stand for 10 minutes, then extract with cold tap water only.

**FOR THE EXTRACTION OF DIRT, SOIL, AND OTHER CONTAMINATES IN CARPETS:**

- Use 10 oz of H2Orange2 Concentrate to 1 gal of cold tap water.
- Apply solution liberally to pre-cleaned hard surfaces, with a spray bottle, pump up pressure sprayer with a coarse spray, cloth, (10 parts per 118 parts) of cold tap water. Apply solution liberally to pre-cleaned hard surfaces, with a spray bottle, pump up pressure sprayer with a coarse spray, cloth, (10 parts per 118 parts) of cold tap water. Apply solution liberally to pre-cleaned hard surfaces, with a spray bottle, pump up pressure sprayer with a coarse spray, cloth, (10 parts per 118 parts) of cold tap water. Apply solution liberally to pre-cleaned hard surfaces, with a spray bottle, pump up pressure sprayer with a coarse spray, cloth, (10 parts per 118 parts) of cold tap water.

**FOR GENERAL DEODORIZING**

- Use 2 oz of H2Orange2 Concentrate to 1 gal of cold tap water.

**GENERAL DIRECTIONS FOR USE**

**For HBV, use concentration of 10 oz per gallon (10 parts per 118 parts) of water.**

**EPA REGULATION**

- This product is subject to the regulatory and labeling requirements of the U.S. Environmental Protection Agency (EPA) and the U.S. Food and Drug Administration (FDA). It is regulated as a pesticide under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and as a food additive under the Food, Drug, and Cosmetic Act (FDCA).

**FIRST AID**

- **If swallowed:** Rinse mouth and then have person drink plenty of water. Do not induce vomiting unless that is the recommendation of a physician or poison control center or doctor. Do not give anything by mouth to an unconscious person.

- **If in eyes:** Rinse immediately with plenty of water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then, continue rinsing eye. Call a poison control center or doctor for treatment advice.

- **If skin or clothing:** Take off contaminated clothing. Wash skin immediately with plenty of water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then, continue rinsing eye. Call a poison control center or doctor for treatment advice.

- **If exposed or suspected to inhale:** Get person to fresh air. If not breathing, give artificial respiration. If breathing is normal, keep person quiet and at ease.

**PERSONAL PROTECTION**

- Wear personal protective equipment as appropriate to the use of the product. Use non-scratched sturdy gloves. Avoid contact with skin and/or eyes. Avoid breathing aerosol or fume. Use respiratory protection equipment if necessary to prevent exposure to high levels of the product. Wash hands after use. Wear protective eyewear to prevent contact with eyes. Wear protective clothing to prevent contact with clothing. Use resistant clothing to prevent penetration of the product into clothing.

**PRECAUTIONARY STATEMENTS**

- **HAZARDS TO HUMAN AND DOMESTIC ANIMALS:**
  - Caution: Harmful if swallowed. Avoid contact with skin and/or eyes. Avoid breathing aerosol or fume. Use respiratory protection equipment if necessary to prevent exposure to high levels of the product. Wash hands after use. Wear protective eyewear to prevent contact with eyes. Wear protective clothing to prevent contact with clothing. Use resistant clothing to prevent penetration of the product into clothing.

**STORAGE AND DISPOSAL**

- **In case of spill:** To clean up spill, flood the area with large quantities of water. Call a poison control center or doctor if needed. This product does not present the hazards found or encountered during normal use of the area on the label. This product may be used to pre-clean or disinfect non-porous hard surfaces.

**Disposal:**

- Drain the container into the sanitary sewer or offer for recycling if available.
