Derived from: Sulfate of Ammonia, Ferrous Sulfate, Elemental Sulfur.

Directions for Use:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Nu-Life® Red Moss is a rapidly soluble and quickly available source of nitrogen for growth, and iron for the satisfactory distribution of lawn moss.

Nu-Life® Red Moss is most effective when applied during the Spring and Fall months when moss is actively growing and the soil is moist. It may be applied in the dry Summer months, but the lawn should be thoroughly seeded, and the grass in a growing condition before applying.

The most satisfactory results from application of Nu-Life® Red Moss are obtained if the listed instructions are followed:

**DIRECTIONS FOR USE:**

**Liquid Application:** Apply Nu-Life Red Moss evenly with a liquid fertilizer spreader by hand or as it comes from the bag, using 10 lbs. per 1,000 sq. ft. (approx. 30 x 30) of lawn area.

**Dry Application:** Apply 1/2 lbs. of Nu-Life Red Moss to 2 gallons of water and apply this liquid evenly to 50 sq. ft. of lawn using a spade or can.

**Water Well After Applying:**

NOTE: The effectiveness of Nu-Life Red Moss is evident almost immediately. Treated moss will generally disintegrate and add humus to the soil or may be buried out and removed from the lawn.

Precautionary Statements:

Hazard to Humans and Domestic Animals

**CAUTION:** CAUTION, MODERATE EYE IRRITATION, HARMFUL IF SWALLOWED, INHALED, OR ABSORBED THROUGH SKIN. KEEP OUT OF REACH OF CHILDREN. Avoid inhalation of dust or contact with skin, eyes, mouth, and clothing. Wash thoroughly with soap and water after handling.

**STATEMENT OF PRACTICAL TREATMENT:**

IF SWALLOWED: Drink 1 or 2 glasses of water and induce vomiting by sticking back of the throat with finger or by giving amount of peaces as directed on the package. Do not induce vomiting or give anything by mouth to an unconscious person. Call a physician immediately.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration. Preferably mouth to mouth. Get medical attention immediately.

IF IN EYES: Flush eyes with plenty of water. Irritation persists; get medical attention.

IF ON SKIN: Wash thoroughly with soap and water. Get medical attention if irritation persists.

Approximate Fertilizer Spreader Settings*

<table>
<thead>
<tr>
<th>Spreader Speed</th>
<th>coats approximately 5,000 sq. ft.</th>
</tr>
</thead>
<tbody>
<tr>
<td>1,000</td>
<td>2,000</td>
</tr>
<tr>
<td>3,000</td>
<td>4,000</td>
</tr>
</tbody>
</table>

*The above settings are approximate for applying contents of this package as a suggested rate of 6 pounds per 1,000 square feet. Settings are based on an average walking speed. Reduce settings to lower speed for wet, heavy or high spots. See adjustment for spreader rate on package. Do not store unopened product. Use only for labeled crops.

**STORAGE & DISPOSAL**

**STORAGE:** Store in original container and keep any bags containing unused product in a secure, tight container. Do not store near other fertilizers, or toxic substances. Always, store in a cool, dry place. Do not store near or on floors.

**SAFE & CONVENIENT DISPOSAL:** If Full: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

**ENVIRONMENTAL HAZARDS:** Do not apply directly to water, or to areas where surface water is present or to intial areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinseate.
