DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Do not open until ready to use. Dust will form on collar during storage. Do not get dust in mouth or eyes. Take collar out of package and stretch to full length. The tags that held the collar in place will fall off when stretching; pull on any remaining tags to remove them.

2. Bend the buckle in half between the holes in the buckle, so that you can easily pass the end of the collar through both holes.

3. Place the collar around your pet's neck. Feed the collar through both holes without folding it. Fit the neck of the dog. The collar must be worn loosely to allow for growth of the pet and to permit the collar to move about the neck. Generally, a properly fitted collar is one that, when fastened, will snugly slide over pet's neck. Leave 1 or 2 extra inches for collar adjustment, cut off remaining excess collar and dispose of in the trash.

4. Wash hands after installing collar on pet. Replace collar every 6 months, or sooner if needed.

STORAGE AND DISPOSAL

PESTICIDES STORE: There may be hazardous materials in this product, so only persons trained in handling pesticides should perform this task. Please follow all precautions and use instructions on this label and the pesticide container. Do not use near children or pets. Property owners are responsible for proper storage of pesticides. These products are not flammable. Do not use near open flames. Do not use on any animal that has a skin condition or is sensitive to the ingredients.

PESTICIDES DISPOSAL AND CONTAINER HANDLING: Do not contaminate water supplies. This product is nonrefillable. Keep out of the reach of children. Do not allow children to play with collar. Do not reuse or refill this container. Nonrefillable pesticide containers are not accepted in regular trash containers. Contact your local solid waste agency for disposal instructions. Dispose of expired pesticide in a dry area inaccessible to children and pets. Protect from freezing. Store only in original container in a cool, dry area.

4. Wash hands after installing collar on pet. Replace collar every 6 months, or sooner if needed.

HAZARDS TO HUMANS:

Use only on dogs.

HAZARDS TO DOMESTIC ANIMALS:

 Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing animals. Do not use on pets under 12 weeks of age. Has not been tested for use on pregnant or nursing animals.

HAZARDS TO OTHER ANIMALS:

This product may cause sensitivity in fish. Consult a veterinarian before using this product near fish. Use according to instructions. This product may cause irritation to birds and wildlife. Consult a veterinarian before using this product near birds or wildlife.

HAZARDS TO HUMAN-life SUPPORT SYSTEMS:

This product contains a chemical (o-Isopropoxyphenyl isocyanate) that is toxic to aquatic life. Do not use near ponds or streams. Use according to instructions. Store out of the reach of children.

STORAGE:

Do not store near food, tobacco products, or eating or drinking containers.

FIRST AID:

For any accident, consult a physician immediately. Consult a veterinarian for treatment advice.

You may also contact your local poison control center or doctor for treatment advice.

In Case of Emergency, call: 1-800-224-PETS (7387)

Non-Emergency, call: 1-800-224-PETS (7387)

To prevent accidental exposure, keep collar out of the reach of children and pets.

IF IN EYES:

Rinse with large amounts of water. If irritation continues, consult a physician. Consult a veterinarian before using this product on birds or wildlife.

IF SWALLOWED:

Do not induce vomiting. Call a poison control center or doctor for treatment advice.

If vomiting occurs, induce vomiting only with the direction of a physician.

IF ON SKIN:

Rinse with large amounts of water. If irritation continues, consult a physician.

IF INHALED:

Remove patient from exposure and give large amounts of water. If irritation continues, consult a veterinarian.

NOTE TO PHYSICIAN/VETERINARIAN:

Tell the product container or label with you when calling a poison control center or doctor for treatment advice. You may also contact your local poison control center or doctor for treatment advice.
