**DIRECTIONS FOR USE**

1. Do not open until ready to use. Dust will form on collar during storage. Do not get dust in mouth or eye. Take the collar out of the packaging and cut to full length. The tabs that hold the collar in place will fall off when stretching, pull on any remaining tabs to remove them.
2. Bend the buckle in half between the holes in the buckle, so that you can easily pass the end of the collar through the holes.
3. Place the collar around your pet’s neck. Feed the collar through both holes and hold it out. Fit the neck of the dog. The collar must be worn loosely to allow for growth of the pet and to permit the collar to move about the neck. Generally, a properly fitted collar is one that, when fastened, will snugly slide over pet’s neck and two fingers can be placed between the collar and pet’s neck. Leave 1 to 2 extra inches for collar adjustment, cut off remaining excess collar and dispose of in the trash.
4. Wash hands after installing collar on pet. Replace collar every 6 months, or sooner if needed.

**STORAGE AND DISPOSAL**

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:**
- Nonrefillable dry area inaccessible to children and pets. Protect from freezing.

**PESTICIDE STORAGE:**
- Store only in original container in a cool, dry area.
