## Precautionary Statements

**WARNING** FLEA & TICK COLLAR FOR SMALL DOGS & PUPPIES

**DIRECTIONS FOR USE**

1. Do not open until ready to use. Dust will form on collar during storage. Do not get dust in mouth or eyes. Take the collar out of the packaging and stretch to full length. The tabs that held the collar in place will fall off when stretching; pull on any remaining tabs to remove them.

2. Bend the buckle in half between the holes in the buckle, so that you can easily pass the end of the collar through both holes.

3. Place the collar around your pet’s neck. Feed the collar through both holes notches facing out. Fit to the neck of the dog. The fitted collar is one that, when fastened, will snugly slide over pet’s neck. Leave 1 or 2 extra inches for collar adjustment, cut off head, and two fingers can be placed between the collar and pet’s neck. Feed the collar through both holes.

4. Wash hands after installing collar on pet. Replace collar every 6 months, or sooner if needed.
