**LES CO 6.3% SEVIN® Brand Granular Carbaryl Insecticide**

**ACTIVE INGREDIENT**
- Carbaryl (1-naphthyl N-methylcarbamate) ................................................ 6.3%

**INERT INGREDIENTS**
- 93.7%

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**
- Do not enter treated areas until dusting is finished. Wear long-sleeved shirt, long pants, chemical-resistant gloves and shoes plus socks when handling this product. Remove clothing immediately if pesticide gets inside. Wash hands thoroughly before eating, drinking, chewing gum, tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

**FIRST AID**
- If swallowed, give plenty of water. Do not induce vomiting unless directed to do so by a physician.
- If skin is contaminated, wash thoroughly with soap and water.
- If inhaled, move to fresh air. If not breathing, give artificial respiration. Call physician immediately.
- If eye contacted, flush eye thoroughly with water for at least 15 minutes. Call physician or local emergency medical services.

**NOT LINE NUMBER**

Have the product container or label with you when calling a poison control center or doctor for further treatment advice.

**NOTE TO PHYSICIAN**

Carbaryl is a N-methylcarbamate insecticide, which is a cholinesterase inhibitor. Overdose can be toxic to the central nervous system due to stimulation of the cholinergic nervous system. These effects of overexposure are spontaneous and rapidly reversible. Gastric lavage may be used if this product has been swallowed. Carbaryl poisoning may occur rapidly after ingestion and prompt removal of stomach contents is indicated. Specific treatment consists of parenteral administration of atropine. Atropine should be maintained to prevent overstimulation. Mirtol may be given to 1 or 2 mg intramuscularly every 10 minutes until full atropinization has been achieved and thereafter whenever symptoms reappear. Severe cases should be given 1 to 2 mg intravenously every 10 minutes until fully atropinized, then intramuscularly every 30 to 60 minutes as needed to maintain the effect for at least 12 hours. Dosages for children should be appropriately reduced. Complete recovery from symptoms is to be expected within 24 hours. Atropine is anticholinergic and other side effects should not be used. Further, drugs like 2-PAM may alter the symptoms. The use of atropine is not recommended. To aid in confirmation of diagnosis, urine samples should be obtained within 24 hours of exposure and immediately frozen. Consultation on diagnosis, therapy and analysis can be obtained at all hours by calling the emergency number.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

Some materials that are chemical-resistant to this product are barrier laminate, butyl rubber. If you need more options, follow the instructions for Category A on an EPA chemical-resistance selection chart. Leaders, applicators, and other handlers must wear:
- Long-sleeved shirt and long pants,
- Chemical-resistant gloves and apron,
- Shoes plus socks.

**USER SAFETY REQUIREMENTS**

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

**Engineering Control Statements**

When applicators use enclosed cabins in a manner that meets the requirements listed in the following guidelines, Pest Control Pro’s (PCP) agricultural pest control operations (40 CFR 170.240(d)(6)) the handler PPE requirements may be reduced or modified as specified in the WPS.

**User Safety Recommendations**

Users should wash hands thoroughly with soap and water before eating, drinking, chewing gum, tobacco, or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then was thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of the containers before removing. As soon as possible, wash thoroughly and change into clean clothing.

**ENVIRONMENTAL HAZARDS**

This product is extremely toxic to aquatic organisms. For terrestrial uses, do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not apply when weather conditions are expected to result in drift of treated materials into water from treated area. Do not contaminate water by cleaning equipment or disposal of wastes. Do not contaminate water when disposing of equipment wash waters.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in any manner inconsistent with its label.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application of this product. For requirements of State or Tribe, consult the agency responsible for pesticide regulations.

**Restrictions**

Product is intended for occupational use. Do not enter or allow other to enter the treated area until dust has settled. In addition, if directions for use require waterlogging, do not enter the treated area until dust has settled. Do not enter crop or farm. Product must be watered in immediately after application to residential lawns. This product may only be applied by using ground application equipment. Calibrated and adjusted equipment to ensure proper application rate as specified to this label. Application with a sprayer, shaker, can, bally grider or back-from-mounted spreader is prohibited.

Aerial application is prohibited.

**NOT FOR USE ON PLANTS BEING GROWN FOR SALE OR OTHER COMMERCIAL USE, OR FOR COMMERCIAL SEED PRODUCTION, OR FOR research purposes.

**DIRECTIONS**

**LAWNS, RECREATIONAL AND ORNAMENTAL TURF AREAS**

To kill listed turfgrass pests, apply granules uniformly to the turfgrass. For best kill, follow specific directions for proper watering or irrigation after application.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by improper disposal. Pesticide Storage: Store unused product in original container only. Store in a cool, dry area and avoid excessive heat. Keep out of children and animals.

**Pesticide Disposal**

Do not contaminate water, food, or feed by improper disposal. Open cupping is prohibited. Wastes resulting from the use of this product must be disposed of on-site or at an approved waste disposal facility.

**Container Disposal**

Non-refillable container. Do not reuse or refill this container.

**COMPANY RECORDS**

Complete application records for water, food, or feed should be kept. Records should be made available to state or federal officials on request.

**LES CO ROTARY SPRAYER SPREADERS**

**LES CO**

**Product**

**Effective Spreader**

**Dimensions**

**Third Hole**

**Gauge**

**Notes:**

- These cupping rates are only approximate. Age, condition of spreaders, operator speed can cause wide variation. Be sure to calibrate your spreader with each application.

**IN AND AROUND FLOWER BEDS AND ORNAMENTAL PLANTINGS AND AROUND OUTSIDE OF BUILDINGS**

To kill ants (except harvester, pharap and carpenter ants), armworns, sawdust, termites, carpenter bees, ants, aphids, earwigs, fleas and silverfish, millipedes, sowbugs, collar and spiders; apply granules uniformly in a 6 foot band around the building. Apply at the rate of 0.07 lb of product per 100 square feet of applications to lawns to shrub and flower beds, foundations, ornamental plantings and lawn or soil areas immediately adjacent to the building. For best control, treated area should be lightly rewatered after application. Repeat as needed up to 4 times per year, but not more often than once every 7 days.

**CONDITION OF SEAL AND LIMITATION OF WARRANTY AND LIABILITY**

Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before using this product. If the terms are not acceptable, return the product at once, unused, and the purchase price will be refunded.

**Laws and Regulations**

If you have a federal, state, or local regulation that prohibits the use of any product containing this pesticide, contact the agency responsible for pesticide regulations.

**LES CO**

Warrants that this product conforms to the chemical description on the label and is reasonable for the purposes stated in the Directions for Use, subject to the inherent risks inherent in the use of pesticides that result from conditions outside or beyond the control of LES CO, including but not limited to, such factors as manner of use or application, weather or weather conditions outside the normal range of climate at the application site or for the time period in which the product is applied, the presence of other materials, incompatible products, or other influencing factors which are beyond the control of LES CO. To the extent consistent with applicable law, at such risks shall be assumed by buyer and/or user, and buyer and/or user agrees to hold LES CO, its parents, for any claim arising out of such factors.

LES CO, its parents, makes no warranties of merchantability or of fitness for a particular purpose or for any other express or implied warranty on this product, and LES CO, its parents, assumes no liability for personal injury or property damage arising out of the use of this product. Lesco, Inc. Shall be defended, indemnified and held harmless from any liability, loss, or expense which may be incurred by any person, in any manner that relates in any way to the use of this product. To the extent consistent with applicable law, Buyer and/or User assume all risks of inherent or otherwise, or otherwise, and in all respects whatsoever, that may arise from conditions outside or beyond the control of LES CO, including but not limited to, such factors as manner of use or application, weather or weather conditions outside the normal range of climate at the application site or for the time period in which the product is applied, the presence of other materials, incompatible products, or other influencing factors which are beyond the control of LES CO. To the extent consistent with applicable law, at such risks shall be assumed by buyer and/or user, and buyer and/or user agrees to hold LES CO, its parents, for any claim arising out of such factors.
