**POOL GRANULAR**

**STABILIZED CHLORINATING CONCENTRATE**

**ACTIVE INGREDIENT:**
Sodium dichloro-s-triazinetrione dihydrate ..................... 99%

**OTHER INGREDIENTS:**
................................................................. 1%

**TOTAL INGREDIENTS:**
................................................................. 100%

**NET CONTENTS:**
5 LB (2.25 kg)

**USE:**
Swimming Pool Sanitizer

**DIRECTIONS FOR USE:**

When used as directed, this product is effective as a swimming pool water sanitizing agent. It is important to use this product as directed. If not used as directed, this product may be ineffective. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) after emptying.

**CONTAINER DISPOSAL:**
Do not contaminate food or feed by storage or disposal. If possible, isolate container in open air or well ventilated area. Flood area with large volumes of water.

**STORAGE AND DISPOSAL:**
Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Moisture may decompose this product. Use only as directed. If desired, apply to pool when water temperature is 70˚F or above. Do not apply this product to a pool with an automatically controlled pool cleaner. A pool cleaner may be at risk of being damaged if this product is used in the pool with an automatic pool cleaner. In the event of injury, flush with large volumes of water to avoid contact with eyes, nose, mouth, or any other body orifices. If this product is used during the day, irrigation systems may be turned on 24 hours after the product is no longer in the pool.

**KEEP OUT OF REACH OF CHILDREN**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**
DANGER: Corrosive. Causes irreversible eye damage. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing.

**ENVIRONMENTAL HAZARDS:**

STRONG OXIDIZING AGENT: Do not mix with other chemicals. Mix only with water. Never add water to product. Always add product to large quantities of water. Use clean dry weights. This product is a strong oxidizing agent. It will generate oxygen, hazardous gas, possible fire and explosion. In case of contamination with organic material or other chemicals, do not ignite. Water may generate hydrogen gas. This product is effective in killing algae and reducing bacteria and fungi. This product is toxic to fish and aquatic organisms. Use this product sparingly to achieve the desired results. Avoid high temperatures. This product contains chlorine dioxide. Do not use with other oxidizing agents.

**PHYSICAL OR CHEMICAL HAZARDS:**

MOISTURE, ORGANIC MATTER OR OTHER CHEMICALS WILL START A CHEMICAL REACTION AND GENERATE HEAT, HAZARDOUS GAS, POSSIBLE FIRE AND EXPLOSION. IN CASE OF CONTAMINATION, DO NOT RE SEAL CONTAINER. IF POSSIBLE, ISOLATE CONTAINER IN OPEN AIR OR WELL VENTILATED AREA. FLOOD AREA WITH LARGE VOLUMES OF WATER.

**FIRST AID:**

**IF INHALED:**

Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for further information.

**IF ON SKIN OR CLOTHING:**

Remove contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF IN EYES:**

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED:**

Call poison control center or doctor immediately for treatment advice. Have person sip a half glass of water. Do not induce vomiting. Rinse mouth. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor for further information.

**IF SKIN CONTACT:**

Wash thoroughly after handling. Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF INHALED:**

FIRST AID:

**Note to Physician:**

This pesticide is toxic to fish and aquatic organisms. Use this product sparingly to achieve the desired results. Avoid high temperatures. This product contains chlorine dioxide. Do not use with other oxidizing agents. Do not get in eyes, on skin, or on clothing. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing.

**KEEP OUT OF REACH OF CHILDREN**

The product is toxic to fish and aquatic organisms. Use this product sparingly to achieve the desired results. Avoid high temperatures. This product contains chlorine dioxide. Do not use with other oxidizing agents. Do not get in eyes, on skin, or on clothing.
