BIOCIDE 2

CAUSES IRREVERSIBLE EYE DAMAGE AND SKIN BURNS MAY CAUSE ALLERGIC SKIN REACTION HARMFUL IF SWALLOWED. Do not get in eyes, on skin, or on clothing. Moisten, wash and remove any product from the exposed area with a large quantity of water. Then apply cool, wet compresses. Do not use eye drops; call a poison control center or doctor. IN CASE OF AN EMERGENCY CALL poisonous control center or doctor immediately for treatment advice. Call a poison control center or doctor, or have the product container or label with you when calling a poison control center or doctor, or have the product container or label with you when calling a poison control center or doctor. IF ON SKIN: Rinse immediately with plenty of water for 15 minutes. IF IN EYES: Remove contact lenses, if present and if easily accessible. Continue rinsing eye. IF INHALED: Get fresh air; remove from source of further exposure. KEEP OUT OF REACH OF CHILDREN. This product is toxic to aquatic plants, fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of the Federal Water Pollution Control Act, as amended. Keep and wash PPE separately from other laundry. Users should wash hands before eating, drinking, or smoking. Cautions: Do not apply this product in a way that will contact workers or other persons. Do not apply this product in a way that will contact wildlife or other unprotected surfaces. This product is recommended as a preservative in the manufacture and use of high water-based hydraulic fluids typically prepared by emulsifying 40% by volume of water with 6% by volume of mineral oil as an oil-in-water emulsifying agent. This product weighs 10.8 pounds per gallon.
This product is recommended as an in-container preservative for the control of bacteria and fungi in industrial and household consumer products, such as air fresheners, automotive products, fabric softeners, hand cleaners, polishes for floors and furniture, shoe polishes, metal sponge and towel efficies, soap starch, waxes and automotive polishes, hand and automatic dish detergents, liquid laundry detergents and car washes, household cleaners, industrial cleaners, liquid hand soaps, oil and grease removers, carpet cleaners and spot removers, seafood hand cleaners, raw materials for cleaning products, surfactants and siloxane emulsions.

**INDUSTRIAL RECIRCULATING WATER COOLING TOWERS**
This product is recommended for the control of bacteria, algae and fungi in industrial recirculating water cooling towers when added to the tower basin, distributor box or some other point to ensure uniform mixing.

**AIR WASHER SYSTEMS**
This product is recommended for the control of bacteria, algae and fungi which cause fouling in industrial air washer systems.

**INDUSTRIAL RECIRCULATING CLOSED LOOP WATER COOLING SYSTEMS**
This product is recommended for the control of bacteria, algae and fungi in industrial recirculating closed loop water cooling systems when added to the reservoir, circulating line or some other point to ensure uniform mixing.

**DISPERSED PIGMENT PRESERVATION**
This product is recommended for the control of bacteria and fungi in the manufacture and storage of dispersed pigments such as kaolin clay, montmorillonite clay, titanium dioxide, calcium carbonate, calcium sulfate, barium sulfate, magnesium silicate, and kaolin clay used in paint and paper production.

**WOOD AND WOOD PRODUCTS**
This product is recommended for the protection of wood and wood products such as landscape timbers, fences, posts, terrestrial-use fillings, constructions, decks and similar exterior surfaces from mold and mildew.

**PAPERMILLS**
This product is recommended for the control of bacterial and fungal slime in the production of paper.

**OIL FIELD INJECTION WATERS**
This product is recommended for the control of slime-forming and sulfate-reducing bacteria in oil and gas field water systems, including enhanced recovery injection fluids, drilling, fracturing and completion fluids. This product may be used for terrestrial and offshore oil drilling muds and packer fluids.
