PLEASCENT CLEAN

NON ACID BATHROOM CLEANER

Not only helps control the hazards of cross-contamination on treated hard, nonporous, environmental surfaces, but also kills many microorganisms that cause odors. For disinfecting hard, nonporous surfaces and is formulated for use in the schools, colleges, universities and office buildings, health care facilities, medical and dental offices, nursing homes, airports, and federally inspected meat and poultry plants.

Use on washable, hard nonporous surfaces of: appliances, bathtubs, cabinets, chairs, countertops, desks, doors, floors, garbage cans, highchairs, outdoor furniture, exterior surfaces of residential refrigerators, shower stalls, bathroom and kitchen sinks, stoves, tables, pic-nic tables, telephones, toilet bowls, toilet bowl surface, tubs, urinals, walls and other hard nonporous surfaces made of:
- Formica® laminate surfaces, glazed ceramic, glazed enameled surfaces, glazed porcelain, metal, plastic, sealed slate, stainless steel, vinyl and plastic upholstery, finished woodwork.
- Kills: Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella enterica, Strepococcus pyogenes, *Herpes Simplex Virus Type 2 (Herpes), *HIV-1 (the AIDS Virus), *Influenza Type A / Brazil virus (Influenza), Aspergillus niger, Trichophyton mentagrophytes (Athlete’s Foot Fungus) (Cause of Ringworms).

**Kills**: Pandemic 2009 H1N1 Influenza A Virus (formerly called swine flu).

KITCHEN: Floor cloths collect both traffic dirt and dust. Use anywhere greasy dirt is a problem.

BATHROOM: Great for cleaning and deodorizing basins, tubs, and glazed tiles. Leaves everything bright.

CLEAN and KILL: non-color-causing bacteria. Odors disappear instantly. Use where odors are a problem.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**DISINFECTATION/VIRUCIDAL/FUNGICIDAL/MOLD & MILDEW DIRECTIONS**: If surfaces are visibly dirty preclean first. Spray 6 – 8 inches from surface, until surfaces are thoroughly wet. Rub with a brush, sponge or cloth. Treated surfaces must remain wet for 10 minutes. Wipe dry with a clean cloth, or sponge, or allow to air dry. Rinse is not necessary on floor surfaces that are to be waxed or polished. For mold and mildew control, repeat application weekly or when growth reappears. Rinse all nonporous surfaces. Wipe dry with a clean cloth, or sponge or allow to air dry. Apply by mop, sponge, cloth or spray on hard, nonporous surfaces. Rinse all surfaces that come in contact with food such as countertops, appliances, tables and stovetops with potable water before reuse. This product should not be used on clean glassware, glassware and dishes. This product is not for use on medical device surfaces.

**TO CLEAN AND DISINFECT TOILET BOWLS AND URINALS:** Remove gross filth from bowl. Remove or expel over the inner trap residual bowl water. Use 4 ounces of product in toilet bowl or urinal. Apply (squeeze) directly around bowl and under rim, then brush or scrub thoroughly. Allow product to remain on surface for a contact time of 10 minutes; then flush toilet. This product, when used as directed, will not harm white or colored bowls or inanimate, hard surfaces. Close cap on container after use.

**TO CLEAN AND/OR DEODORIZER:** Apply by mop, sponge, cloth, or spray on hard, nonporous surfaces. Wipe dry with a clean cloth or sponge, or allow to air dry.

**FOR USE IN FEDERALLY INSPECTED MEAT AND POULTRY PLANTS:** For use on all surfaces in edible product processing areas, non-processing areas, and/or exterior areas. Before using this product, food products and packaging materials must be removed or cleaned, then follow the “Disinfection Directions” above.

**SANITIZING NON-FOOD CONTACT SURFACES:** Use on washable hard nonporous surfaces: walls, floors, tables, garbage cans and telephones. This product is effective against Staphylococcus aureus and Enterococcus aerogenes in the presence of 5% serum. Apply by mop, sponge, cloth, or spray to thoroughly wet surfaces for a minimum contact time of 5 minutes. Wipe dry with a clean cloth or sponge or allow to air dry. Do not use in food preparation, food holding, food storage, or food contact areas. Do not use to sanitize glassware, dishes or utensils.

**KILLS**: HIV-1 (AIDS VIRUS) ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in healthcare settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/others with blood or body fluids, and where surfaces/others likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS). SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS. PERSONAL PROTECTION: A. The product must always be done wearing protective gloves, gowns, masks and eye protection. B. CLEANING PROCEDURES: Blood and body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant. CONTACT TIME: Effective against HIV-1 (AIDS virus) on hard nonporous surfaces in the presence of a moderate amount of organic soil (5% blood serum) (providing 1900 ppm of active quaternary) for a contact time of 5 minutes at room temperature (20-25°C). Use a ten (10) minute contact time for disinfection against all other bacteria, fungi, and viruses claimed. DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids must be autoclaved and disposed of according to federal, state, and local regulations for infectious waste disposal.

**CAUTIONS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if absorbed through the skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

**OTHER INGREDIENTS**: 100.00%
