DIRECTIONS FOR USE:

Prior to disinfection, remove all heavy soil and flush toilet.

Clean surfaces first. Using a 1:32 dilution wet surfaces; let stand 10 minutes, then remove excess. Repeat application weekly or when needed.

To Control Mold & Mildew:
Add 4 oz. of this product full strength into the bowl water (1:25 dilution). Thoroughly brush all bowl surfaces and under the rim. Let stand 10 minutes and then flush.

For stubborn soil or heavy build-up, such as soap scum and body oils on heavily soiled or diluted. This product is proven effective in hard water (up to 400 ppm) in the presence of 5% blood serum contamination.

For broad spectrum disinfection, dilute 1:32 in water (1/2 cup per gallon), apply with cloth or brush. This product Water

For General Cleaning:
Use solution of 1:8 to 1:16 for areas of moderate soil.

Light Soil:
Use solution of 1:8 for areas of light soil.

Tough Soil Build-up:
For General Cleaning:

**STORAGE AND DISPOSAL:**

Store in original container in areas inaccessible to small children. Keep securely closed.

PESTICIDE STORAGE:
Non-refillable container. Do not reuse or refill this container. Offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or incineration or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

This pesticide is toxic to fish, aquatic invertebrates, oysters and shrimp.

ENVIRONMENTAL HAZARDS:

This product is not for use on polished marble. For other hard non-porous surfaces, spot test before use.

FIRST AID:

If on Skin

• Rinse skin immediately with plenty of water for 15-20 minutes.

• Call a Poison Control Center or doctor for treatment advice.

If on Eyes

• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

• Call a Poison Control Center or doctor for treatment advice.

If Inhaled

• Fresh and cool air

• Call a Poison Control Center or doctor for treatment advice.

If Swallowed

• Have person sip a glass of water if able to swallow.

• Call a Poison Control Center or doctor immediately for treatment advice.

• Do not induce vomiting.

If on Clothing

• Remove clothing and wash before reuse.

In Case of an Emergency:

MADE IN U.S.A. © 2012 RB

Contains no phosphates.

This bottle is made of 25% recycled plastic.

PERSONAL PROTECTION:

FACE PROTECTION:

• Use personal protective equipment.

• Wash hands with soap and water after using.

HAND PROTECTION:

• Use appropriate personal protective equipment.

• Wash hands with soap and water after using.

EYE PROTECTION:

• Use personal protective equipment.

• Wash eyes with water after using.

DANGER:

Hazards to Humans and Domestic Animals

May be harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash before reuse.

DANGER:

Hazards to Humans and Domestic Animals

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL:

In health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood/body fluids; and in which the surfaces / objects likely to be soiled with blood/body fluids can be associated with the potential for personal or patient serum contamination.

KILLS HUMAN IMMUNODEFICIENCY VIRUS TYPE 1 [HIV-1 AIDS Virus]

This product is effective against the following viruses:

• HIV-1 
• HSV-2
• Herpes Simplex Virus

This product is effective against the following bacteria:

• Staphylococcus aureus
• Enterococcus faecalis
• Corynebactium diptheriae
• Pseudomonas aeruginosa
• E. coli O157: H7
• Klebsiella pneumoniae
• Salmonella paratyphi
• Shigella dysenteriae
• Salmonella schottmuelleri
• Klebsiella oxytoca
• Klebsiella aerogenes
• Herpes Simplex Virus
• Staphylococcus aureus [MRSA]
• Klebsiella pneumoniae
• Pseudomonas aeruginosa
• Clostidium difficile
• Staphylococcus aureus
• Brevibacterium ammoniagenes
• Streptococcus pyogenes
• Streptococcus salivarius
• Enterobacter aerogenes
• S. aureus
• Herpes Simplex Virus
• Staphylococcus aureus
• Corynebactium diphtheriae
• Staphylococcus epidermidis
