FIBERGLASS BOTTOMKOTE® AQUA

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

PRODUCT DESCRIPTION: FIBERGLASS BOTTOMKOTE® AQUA provides a hard, sandblasted finish that will give premium protection from algae, slime, barnacles, sea mussels and other types of fouling. FIBERGLASS BOTTOMKOTE® AQUA is perfect for use on either existing or performance boats, and for those who want a little extra speed, the surface can be waxed and waxed to provide a smooth waxed finish with less drag. FIBERGLASS BOTTOMKOTE® AQUA is also low in volatile organic compounds (VOC) which limits solvent emissions into our atmosphere, with the added benefit of easy clean-up with soap and water. FIBERGLASS BOTTOMKOTE® AQUA is for use below the waterline in fresh, salt and brackish waters on fiberglass, wood and properly painted metal boat hulls and parts. Do not use on aluminum.

COMPATIBILITY: FIBERGLASS BOTTOMKOTE® AQUA can be applied over most antifouling paints as long as the old coating is lightly sanded and is in sound condition. When applying over conventional antifouling paints, thoroughly sand with 80 grit wet-or-dry sandpaper. If applying over self-polishing type antifouling bottoms, heavy sanding is required. Soft, thin-based coatings should be removed prior to application of FIBERGLASS BOTTOMKOTE® AQUA.

V.O.C.: Less than 150 grams per liter
THINNING: Thin only as necessary
Do not exceed 10% by volume.
CLEAN UP: Soap and water. Do not use commercial boat bottom cleaners
APPLICATION TEMPERATURE: 68°F (20°C) and above
PREVENTIVE MEASURES:
- Always maintain the product and all equipment in a dry area.
- Do not use FIBERGLASS BOTTOMKOTE® AQUA over any damage or repairs that require a new finish.
- Apply a sealant or primer over any damage or repairs before using FIBERGLASS BOTTOMKOTE® AQUA.
- Do not apply FIBERGLASS BOTTOMKOTE® AQUA over areas that are not properly cleaned.
- Do not apply FIBERGLASS BOTTOMKOTE® AQUA in temperatures below 60°F (15°C).
- Apply FIBERGLASS BOTTOMKOTE® AQUA within 12 hours of application.

FIBERGLASS BOTTOMKOTE® AQUA is a water-based product and will not affect the performance or durability of the boat.

PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes eye irritation. Harmful if ingested. Avoid contact with skin, eyes, or clothing. Wear protective clothing such as gloves, long-sleeved cotton shirt, long pants, and hat. May be toxic if swallowed or inhaled. Do not breathe dust, vapor, or spray mist. While spraying and/or sanding boat surface, wear a face mask and respirator. Properly capture all emissions using the appropriate personal protective equipment. Avoid contact with eyes, skin, and clothing. Wash thoroughly with soap and water after handling. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID

If Swallowed:
- Call a poison control center or doctor immediately for treatment advice.
- Keep person lying on a firm surface and allow to breathe normally.
- Get medical attention if symptoms show up.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

If on Skin or Clothing:
- Take off contaminated clothing.
- Rinse skin with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

Inhalation:
- Get fresh, cool air.
- Call a poison control center or doctor for further treatment advice.

If In Eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, and continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Other:
- Have the product container or label with you when calling a poison control center or doctor or going for treatment.

ENVIRONMENTAL HAZARDS:
This material is toxic to fish. Do not apply to or near water by spraying or by discharge. Do not contaminate water, food, or feed by storage or improper disposal.

Nontoxic to fish:
This material is not harmful to fish.

Disposal:
Do not contaminate water, food or feed by storage or improper disposal.

The use of FIBERGLASS BOTTOMKOTE® AQUA is subject to certain environmental regulations. Consult your local environmental agency for more information.

For more information, contact the National Fish and Wildlife Federation at 1-800-874-2500 or visit their website at www.nwf.org.
