Product Information
Kills: Aspergillus niger (ATCC 16404), *Human Herpes Simplex Virus Type 1 (ATCC VR-733) and Type 2 (ATCC VR-540), *Human Immunodeficiency Virus Type 1 (HIV-1 (AIDS virus)), *Influenza A/Hong Kong Virus, Methicillin Resistant Staphylococcus aureus (MRSA) (ATCC 35915), Mycobacterium tuberculosis var Jovis (BCG), *Poliovirus Types 1 and 2, Pseudomonas aeruginosa (ATCC 15442), Salmonella choleraesuis (ATCC 10706), Staphylococcus aureus (ATCC 6538), Trichophyton mentagrophytes (ATCC 9972) and Vancomycin Resistant Enterococcus faecalis (VRE) (ATCC 51299) on hard, nonporous, inanimate environmental surfaces. Respiratory illnesses attributable to Pandemic 2009 H1N1 are caused by Influenza A viruses*. This product, is a broad-spectrum hard surface disinfectant that has been shown to be effective against Influenza A2/Hong Kong virus* and is expected to inactivate all Influenza A viruses including Pandemic 2009 H1N1 (formerly called “swine flu”).

Disinfects: Disinfects on such bacterial- and viral-carrying surfaces as toilet seats, telephones, garbage and refuse cans, urinals, athletic equipment, light switches, bed pans, empty hampers and other out of the way places. Disinfects hard, non-porous surface of shoes and slippers.

Controls Mold and Mildew on mattresses, awnings, shower curtains, leather goods. Controls mildew and mold growth on painted or finished walls, ceilings and woodwork in closets, basements, attics, storage areas, summer cottages, damp and musty corners.

Deodorizes: Reduces annoying odors. Use to control odors in hospitals and nursing homes. In private homes, use in kitchen, bathroom, sick rooms, basements. Effectively suppresses odors caused by mold and mildew.

General Precautions and Restrictions
Do not spray on polished wood surfaces, rayon fabrics or on acrylic plastics. Solvents in spray may cause damage to some plastics, coatings and other materials if sprayed until wet. This product is not for use on medical devices or medical equipment surfaces.

Application Instructions
Shake well before using and occasionally while spraying. Clean surface thoroughly with an effective cleaning compound prior to treatment, Remove all gross filth or heavy soil from all surfaces to be treated.

To Disinfect and for Tuberculocidal Activity: After surface is cleaned, hold can upright 6" to 8" from surface to be treated. Spray 3-4 seconds until surface is wet. Allow to dry without wiping or allow spray to contact treated surface for a minimum of ten minutes prior to wiping. For Herpes Simplex Virus Types 1 and 2 spray 8-10 seconds until the surface is wet. Allow to dry without wiping or allow spray to contact treated surface for a minimum of ten minutes prior to wiping. Tuberculocidal in 10 minutes at 25°C.

To Control Surface Mildew: After surface is cleaned, cover surface with mist. Repeat treatment every week for effective control.

For Skate, Ski & Snowboard Boots: After shoe/boot surface is cleaned, hold can upright 6" to 8" from shoe/boot surface to be treated. Spray interior and shoe/boot surface for 3-5 seconds or until surface is wet. Allow shoe/boot to air dry without wiping.

Special Instructions for Cleaning and Decontamination Against HIV on Surfaces/Objects Soiled with Blood/Body Fluids: Disinfectants must be used on such bacterial-and viral-carrying surfaces as toilet seats, telephones, garbage and refuse cans, urinals, athletic equipment, light switches, bed pans, empty hampers and other out of the way places. Disinfectants hard, non-porous surface of shoes and slippers.

Cleaning Procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this disinfectant. Contact Time: Spray surface to be treated 3-4 seconds, from a distance of 6-8 inches, until surface is wet. Allow spray to dry without wiping or allow spray to contact treated surface for a minimum of ten minutes prior to wiping.

Decontamination Against HIV on Surfaces/Objects Soiled with Blood/Body Fluids: Inanimate environmental surfaces may also be treated with a disinfectant that has been shown to be effective against HIV (ATCC 33591), Mycobacterium tuberculosis var Jovis (BCG), *Poliovirus Types 1 and 2, Pseudomonas aeruginosa (ATCC 15442), Salmonella choleraesuis (ATCC 10706), Staphylococcus aureus (ATCC 6538), Trichophyton mentagrophytes (ATCC 9972) and Vancomycin Resistant Enterococcus faecalis (VRE) (ATCC 51299) on hard, nonporous, inanimate environmental surfaces.

Hazard to Humans and Domestic Animals
CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Not for use in swimming pools or spas, or in household cleaning.

FIRST AID:
If on Skin or Clothing: Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes. If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-866-318-6695 for emergency medical treatment information.

Storage and Disposal
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry (preferably locked) storage area away from direct sunlight, windows, fire, flames and other sources of heat or ignition. Pesticide Disposal: Washes resulting from the use of this product may be disposed of on site or on approved waste disposal facility. Container Disposal: Non-refillable container; do not reuse or refill this container. Do not incinerate or puncture! Replace cap, offer for recycling, if available; otherwise dispose of in trash. If partly filled: Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS
Hazards to Humans & Domestic Animals
First Aid:
If on Skin or Clothing: Take off contaminated clothing. Immediately rinse skin with plenty of water for 15-20 minutes.
